Subject: Response to PR Notice 91-4 - DEET LIP  
856 Insect Repellent II  
EPA Reg. No. 10900-72  
878 Insect Repellent Spray  
EPA Reg. No. 10900-74  
Submission: April 2, 1992

Dear Ms. McClellan:

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable subject to the comments listed below. One copy of the finished labeling must be submitted prior to releasing the product for shipment.

- 1) Remove the phrase "apply liberally" wherever it appears on both labels. This phrase is not consistent with the intent of the DEET LIP.
- 2) Remove the phrase "New Formula" from the label of 856 Insect Repellent II. There has been no recent change in formula to justify such a claim.
- 3) Change the Caution statement on the back label to "CAUTION: KEEP OUT OF REACH OF CHILDREN".

Although we still encourage inclusion, we have determined that it is acceptable to exclude the statement from your labels, "If you go to a doctor, take this repellent with you". You do not need to submit an amendment to remove this from your labels.

Sincerely,

*RFM*

# 856 Insect Repellent II

**Directions For Use:** Read all directions before using this product. It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

To repel the insects listed on the front panel, first remove protective cap. Hold can at least 12 inches away, point valve in desired direction and press button to spray. Do not spray in enclosed areas. Apply liberally to all exposed skin areas. Do not apply over cuts, wounds, or irritated skin. Do not apply to eyes and mouth and do not apply to hands of young children. Do not spray directly on face. To apply to face, spray on hands and rub on. Use just enough repellent to cover exposed skin and/or clothing.

Do not use under clothing. Avoid over-exposure. Frequent reapplication and saturation is unnecessary for effectiveness. Repeat as needed. For ticks and chiggers, also apply liberally to shoe tops, socks and around openings in clothing. After returning indoors, wash treated skin with soap and water. Wash treated clothing.

Use of this product may cause skin reactions in rare cases. If you suspect that you or your child are reacting to this product, wash treated skin and call your local poison control center. If you go to a doctor, take this repellent with you.

Avoid contact with plastics, such as eyeglass frames, and such fabric as acetate rayon.

**Precautionary Statements:** Hazards to Humans and Domestic Animals

**CAUTION:** KEEP OUT OF REACH OF YOUNG CHILDREN AND INFANTS. Instruct older children in the proper use of this product. Do not spray on face, lips or into eyes. In case of contact with eyes, flush with water. Harmful if swallowed. Avoid breathing spray mist. May cause eye irritation.

**PHYSICAL HAZARDS:** Extremely Flammable! Contents under pressure. Do not use near fire, sparks, or flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

**STATEMENT OF PRACTICAL TREATMENT:** If swallowed: Call a physician or poison control center. If in eyes: Flush with plenty of water. Get medical attention if irritation persists.

## STORAGE AND DISPOSAL

**Storage:** Store in a cool, dry area away from heat or open flame.  
**Disposal:** Do not puncture or incinerate. Do not re-use empty container. Wrap container and put in trash collection.

**Important Note:** Buyer assumes all risks of use, storage or handling of this material not in strict accordance with directions given herein.
