SPRAYON .

KEEP OUT OF REACH OF CHILDREN

CAUTION

AVOID CONTACT WITH EYES, SKIN OR CLOTHING

See side panel for complete precautionary statements,
Including First Aid statements.

___ oz. ___ g net wt.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

USE RESTRICTIONS

Do not use in commercial food processing or preparation areas. In the home, cover all exposed food, food processing surfaces, and utensils during treatment. Do not spray food or feed crops.

For both indoor and outdoor situations, use training whenever possible, including positive (praise) and negative (sharply spoken word backed up with disciplinary action) reinforcement.

This product repels dogs and cats for up to 24 hours when applied daily. Keeps pets away from furniture, carpet, trees, shrubs, garbage cans/bags, and other "forbidden areas".

INDOOR USE

Use indoors to break your pet of undesirable habits such as sleeping on furniture and rugs or to keep out of forbidden areas. Always use with consistent training. Praise your pet for good behavior and scold for bad behavior.

PRETREATMENT DIRECTIONS

Before spraying large areas of rugs, fabrics or plastics, test the effect of this product by treating a small, inconspicuous area. This product may stain or soften some fabrics or plastics. To avoid possible damage, spray a piece of cloth lightly and place it on the object or area to be protected.

APPLICATION DIRECTIONS

Spray the object lightly with this product until slightly moistened.

RETREATMENT DIRECTIONS

Repeat daily, or as necessary, until undesirable habit is broken.

OUTDOOR USE

Use outdoors to prevent dogs and cats from disturbing flower beds, areas of lawn, trees, shrubbery, fences, patio furniture, and garbage cans/bags.

NOTE: This product is not likely to break the established urination patterns of dogs unless it is used as a training aid.

PRETREATMENT DIRECTIONS

Stray animals are frequently attracted to areas where pets have soiled with feces or urine. To discourage repeat visits, remove any droppings and clean with water.

APPLICATION DIRECTIONS

Do not apply directly to foliage of shrubs or to ornamental, softbodied plants. Do not apply to food or feed crops. Lightly spray surrounding soil or apply to a piece of cloth and affix near area to be protected every day.

RETREATMENT DIRECTIONS

Repeat daily, or as necessary, until desirable habit is broken.

STORAGE AND DISPOSAL

Pesticide Storage: Store only in a cool, dry place inaccessible to children and pets, away from heat or open flame.

Pesticide Disposal: When empty, recycle this steel aerosol can (if available) or, replace cap, securely wrap in newspaper, and discard in trash. Do not incinerate or puncture.

Important Note: Buyer assumes all risks of use, storage or handling of this material not in strict accordance with directions given herewith.

Precautionary Statements

Hazards to Humans and Domestic Animals

CAUTION

Harmful if absorbed through skin. Causes moderate eye irritation. Avoid contact with eyes, skin, or clothing. Prolonged or frequently repeated skin contact may cause allergic reaction in some individuals. Wash thoroughly with soap and water after handling.

FIRST AID**IF ON SKIN OR CLOTHING**

- Take off contaminated clothing.
- Rinse skin immediately with plenty of water for 15-20 minutes.
- Call a poison control center or doctor for treatment advice.

IF IN EYES

- Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
- Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

For emergency information, call 1-800-858-7378, 7 days a week, excluding holidays, 6:30 a.m. to 4:30 p.m. Pacific time. After 4:30 p.m. call your poison control center.

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Do not use or store near open flame. Do not puncture or incinerate container. Exposure to temperatures above 130 Deg F may cause bursting.
