

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

DANGER
Corrosive. Causes skin damage and eye irritation. May cause skin sensitization. Do not get in eyes or on clothing. Harmful if swallowed, inhaled or absorbed through skin. During mixing/loading procedures, a respirator, gloves, long sleeved shirt, long pants, socks and shoes must be worn as protective clothing. Wash thoroughly all contaminated clothing before reuse.

STATEMENT OF PRACTICAL TREATMENT
In case of eye contact, flush eyes with water for 15 minutes. Get medical attention immediately.
In case of skin contact, wash area with soap and water. Get medical attention if redness persists.
If swallowed, do not induce vomiting. Contains petroleum distillate. Get medical attention immediately.

ENVIRONMENTAL HAZARDS
This product is toxic to fish. Do not apply directly to water. Keep out of any body of water. Do not contaminate water by cleaning of equipment or disposal of waste.

PHYSICAL AND CHEMICAL HAZARDS
Chemical Hazards: Extremely flammable. Keep away from fire sparks and heated surfaces.

HAYNES SEED TREAT NO. 1

ACTIVE INGREDIENT	
Pentachloronitrobenzene	25.0%
Inert Ingredients	75.0%
Total	100.0%

This product contains 2 lbs. of Pentachloronitrobenzene per gallon at 68 degrees F.

GENERAL INFORMATION

Haynes Seed Treat No. 1 has proved itself to be a highly effective seed treatment. It is specially made for use in combine treaters. It contains its own sticking agent and its leading give even seed coverage, also red dirt. It is highly effective against smut, bunt, and damping-off.

P.C.N.B. controls common smut, bunt, and the seedling complex.

Seed should always be well aerated and cleaned before treatment. Controls certain soil-borne and seed-borne diseases.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

NOTE TO USER: Federal law requires that treated seed be dyed to impart an unnatural color and that bags containing treated seed shall be labeled with the following information.

This seed has been treated with Pentachloronitrobenzene.
Do not use for feed, food or oil purposes.

DIRECTIONS FOR USE

Seed Treatments: Seed should be sound and well cured prior to treatment otherwise damage may occur. Apply Haynes Seed Treat No. 1 directly to the seed as dosage rates indicated below, using suitable treating equipment.

- Barley: 2.4 oz./bushel (covered smut)
- Oats: 2.4 oz./bushel (oat smut)
- Wheat: 2 oz./bushel (common smut or bunt and damping-off caused by Rhizoctonia)

COTTON: 1.2 oz./100 lbs. (mechanically damaged cotton) or 1.6 oz./100 lbs. (Rhizoctonia)

If the history of diseases has been severe, then this treatment on cottonseeds may give only temporary protection and a subsequent soil application may be required to control later stages of post-emergence damping-off.

E. Grand Forks, ND 58721

Attention: Mr. R. Carlson

Gentlemen:

Subject: Waynes Seed Treat No. 1
EPA Registration No. 16912-24
Your Letter of September 1, 1982

The amendment referred to above, submitted in connection with registration under FIFRA sec. 3(c)(7)(A), is acceptable, provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data.
2. Make the labeling changes listed below before you release the product for shipment bearing the amended labeling:
 - a. Add "See side panel for additional precautionary statements" under the signal word on the front panel.
 - b. In the Ingredients Statements, the words "Active Ingredient" and "Inert Ingredient" must be the same type size and aligned to the same margin.
3. Submit five (5) copies of your final printed labeling before you release the product for shipment.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product bearing the amended labeling constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely yours,

Henry M. Jacoby
Product Manager (21)
Fungicide-Herbicide Branch
