Golden Bear Division

1800 Ave. of the Stars, Century City, Los Angeles, California 90067
Area Code 213 Telephone 277-4511

DIRECTIONS

This product is for control of mosquito larvae in swamps, floodwater areas, and other areas where mosquitoes develop.

It should be applied at normal uniform rates of 3 gal./acre or less. Under special circumstances, such as extremely dense vegetation or water of high organic content, rates to a maximum of 5 gal./acre may be used.

Petroleum oils may produce an unsightly appearance and should not be used when this condition is objectionable.

Avoid application to surfaces when damage may occur.

Use particular care to avoid damage when spraying over areas containing fish or wildlife.

DISPOSAL OF PACKAGE

Do not reuse empty drum. Return to drum reconditioner or destroy by perforating or crushing and burying in a safe place away from water supplies.
