

ALGI-CON effectively controls most common forms of algae with no harmful effects on fish or aquatic plant life when used as directed.

Liquid

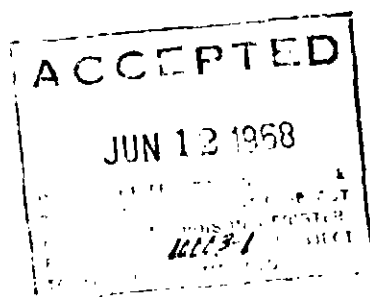

ALGI-CON is guaranteed to effectively control the growth of most common forms of algae in aquariums, ornamental ponds, and decorative fountains when used as directed.

CAUTION

Keep out of reach of children.

Formulated to treat NET CONTENTS
80 gallons of water. 8 Fluid Ounces

Not to be used in waters intended for domestic or irrigation use.

ALGI-CON
(Liquid)

DIRECTIONS

IMPORTANT: SHAKE WELL BEFORE USING

INITIAL DOSAGE — 1 Tablespoon per 5 Gallons of water
MAINTENANCE DOSAGE — Repeat dosage when algae reappears. One treatment will normally last 3 to 7 weeks, depending on conditions causing algae. For **HEAVY ALGAE GROWTH** it may be necessary to repeat dosage within 6 days. **DECAYED ALGAE** should be loosened and wiped clean, and allow filter or vacuum system to remove residue. For best results, **AQUARIUMS** should be cleaned before application of ALGI-CON (liquid). It is also desirable to remove charcoal filters for at least 24 hours after initial application.

ACTIVE INGREDIENTS: Simazine: 2 Chloro 4, 6-bis (6-methylamino)-s-triazine 0.1%

INERT INGREDIENTS: 99.9%
