EMULSIBLE SPRAY OIL LIGHT MEDIUM

AMOUNTS GIVEN ARE FOR
GALLONS OF WATER.

LEMONS GRAPEFRUIT: For the
Red, Black, Purple, Citricola and
Red and Citrus Red Mite; use 1.2
depending upon infestation and
other factors. To aid in control of
Red, Black, Purple Scales, add **RUS-**
SICAL MALATHION 8 EMULSIBLE
(at least 7 days before picking) or
P at 0.5 lbs. (at least 5 days be-
fore).

Use: .8 to 1 gallon depending
on infestation and other seasonal factors.

DIRECTIONS: Growth should be in
condition when sprayed. For best
results use equipment of the prop-
erty in spray machines with
proper agitation. Keep agitator
on during spray operation.
Emulsion is formulated as a fast-break
and stay in solution unless agi-
tated.

Emulsion must be clean. With agitator
and filling spray tank with water.

Add spray oil when tank is about 1/2 full and
with sufficient agitation of the spray to in-
sure complete emulsification. Good emulsi-
fication is indicated when mixture turns
white.

When combining a wettable powder or oth-
er additive, the product should be sifted
slowly into the spray tank when 1/2 or more
full and after the spray oil has become uni-
formly dispersed in the water. If the oil
floats to the top of the tank or is thrown out
of emulsification, cease the addition of the
insoluble additive.

CAUTIONS: Being an oil spray, application
should NOT be made when the soil (speci-
ally the subsoil) is relatively dry; when the
temperature is above 95 degrees Fahren-
heit.

Do NOT use oil with Aramite, Omite, Cap-
tan, Dinitro, Dichloro, Glyodin, Karathane,
Sulphur, Lime Sulphur or Methoxychlor. Do
NOT mix with insecticides or fungicides in-
compatible with oil.

HARMFUL IF SWALLOWED. Avoid prolonged or re-
peated contact with skin. Avoid breathing spray
mist. Keep out of any body of water. Do not con-
taminated water by the cleaning of equipment or
disposal of wastes. Do not reuse empty drums. Re-
turn to a drum reconditioner or dispose of in ac-
cordance with state and local regulations.

COMPOSITION:

ACTIVE INGREDIENTS: Petroleum Oil, 99.0%
by weight

INERT INGREDIENTS: _____ .01.0%
Unsulfonated Residue, minimum 92%

**CAUTION: KEEP OUT OF REACH OF
CHILDREN.** Avoid storage near or
contamination of food, feedstuffs, or
drinking water.

**READ ENTIRE LABEL BEFORE USING. USE
STRICTLY IN ACCORDANCE WITH LABEL
CAUTIONS AND DIRECTIONS. DO NOT USE
THIS MATERIAL IF IT FAILS TO EMULSIFY.**
