FUNGICIDE AND RODENTICIDE ACT
FOR ECONOMIC POISON RE-
ED UNDER NO. 11214-1

USE DIRECTION

**Read entire label before using.
Use only as directed.**

The use of this product in food processing plants should be confined to time periods when the plant is not in operation. Foods should be removed or covered during treatment. All food processing surfaces should be covered during treatment or thoroughly cleaned before using.

FLYING INSECTS:

To control Flies, Fruit Flies, Mosquitoes, Gnats, adult and exposed larvae of Indian Meal Moths and Angoumois Grain Moths and Mediterranean Flour Moths, direct the spray toward the upper portions of the room and saturate the atmosphere with the mist, using 1 to 2 ounces to each 1,000 cubic feet of space.

Pyrethrin Spray No. 1

Food Processing, Institutional, Residential Spray

A ready-to-use effective, fast acting insecticide for use against Flies, Mosquitoes, Roaches, Spiders, Fleas, Indian Meal Moths, Angoumois Grain Moths, Confused Flour Beetles, Sawtoothed Grain Beetles, Cigarette Beetles, Drug Store Beetles, Mediterranean Flour Moths in such places as homes, restaurants, food storage warehouses, food processing plants, granaries, hospitals, hotels and other areas where a fast acting, effective insecticide is required.

Pyrethrins	0.1%
Piperonyl Butoxide, Technical*	1.0%
Petroleum Distillate	98.9%
TOTAL	100.0%

*Equivalent to 0.8% of (butylcarbityl) (6-propylpiperonyl) ether and 0.2% of related compounds.

CAUTION: Keep Out Of Reach Of Children

Harmful if swallowed. Do not spray near or toward an open flame. Do not store near heat or open flame. Avoid contamination of feed and foodstuffs. Do not spray near water containing fish. Keep Container closed. Destroy this container when empty.

E. P. A. Reg. No. 11214-1-AA Net Contents

CRAWLING INSECTS:

To control Roaches, Spiders, Silverfish, spray infested areas thoroughly and direct the liquid behind baseboards, pipes, toward drains and dark corners, and into cracks, and crevices and similar hiding places.

For Flies - direct the application toward the lower wall portions, baseboards, rugs, carpets and floor of infested areas. Animal quarters, kennels and bedding should also be sprayed.

For Confused Flour Beetles, Sawtoothed Grain Beetles, Cigarette Beetles, Drug Store Beetles - remove and destroy any infested material such as flour or other infested foods. Thoroughly clean all cracks, crevices, floors in storage areas before treating. Apply with a good sprayer adjusted to deliver coarse droplet spray using approximately 1 gallon of material to each 750 square feet. Repeat application as needed.

When used as a space spray, doors and windows should be closed for 15 to 20 minutes. At the end of that time, open room and sweep and destroy all fallen insects. Repeat treatment as necessary. Do not apply directly to food. Do not remain in treated areas. Ventilate the area after treatment is completed. Remove pets, birds and cover fish aquariums before spraying.
