

USE DIRECTIONS

**Read entire label before using.
Use only as directed.**

FOR SPOT APPLICATION ONLY

Apply as a coarse spray to localized areas where pests may occur. Spray surfaces until wet. Retreat as necessary.

COCKROACHES, SILVERFISH, SPIDERS:

For indoor application in commercial and residential buildings (see) including homes, apartments, stores and warehouses. Treat areas where these pests are found or may hide, including dark corners of rooms and closets, cracks and crevices in walls, along baseboards, doorsills and window frames, behind and beneath sinks, stoves, refrigerators and cabinets and around garbage cans, plumbing and other utility installations.

BROWN DOG TICKS:

To control Brown Dog Ticks, thoroughly apply as a spot treatment to infested areas such as pet beds and resting quarters, door frames and localized areas of floor and floor covering where these pests may be present. Old bedding of pets should be removed and replaced with clean, fresh bedding after treatment. **DO NOT SPRAY PETS WITH THIS PRODUCT.**

FLIES AND MOSQUITOES:

Use out of doors only as an aid in reducing annoyance from these insects. Spray outside surfaces of window and door frames as well as other areas where these pests may enter the home. Also spray dark corners and localized resting areas such as under eaves, porches, patios and porches where these insects may congregate.
