

DIRECTIONS FOR USE:

COCKROACHES (WATERBUGS), ANTS, AND SILVERFISH: Make spot applications of TARGET 1/2% DIAZINON as a coarse spray or apply with a paint brush to baseboards, area around water pipes, cracks and crevices, surfaces behind and beneath cabinets, refrigerators, sinks, stoves and similar areas where these insects hide.

CARPET BEETLES: Apply TARGET 1/2% DIAZINON spray in spot applications along baseboards and edges of carpeting, under carpeting and rugs and furniture, in closets and on shelving, and wherever these insects are seen or suspected.

SPIDERS AND SCORPIONS: Apply TARGET 1/2% DIAZINON spray around windows, doors, and along baseboards. Make spot applications to other areas over which these pests may crawl.

EXPOSED STAGES OF PANTRY PESTS (SAW-TOOTHED GRAIN BEETLE, FLOUR BEETLE, RICE WEEVIL, CIGARETTE BEETLE, DRUGSTORE BEETLE, INDIAN MEAL MOTH): Apply TARGET 1/2% DIAZINON spray to shelves and cupboards where food containers suspected of being infested are stored. Remove all food packages until spray has dried. Cover shelves with shelving paper. This treatment is supplemental to good housekeeping, since it will have no effect on insects breeding within food packages. Infested food packages should be destroyed.

BROWN DOG TICKS IN BUILDINGS: Make thorough application of TARGET 1/2% DIAZINON spray to infested areas around baseboards, window and door frames, wall cracks, sleeping quarters of household pets, and localized areas of floors and floor covering. Fresh bedding should be placed in animal quarters following treatment. Do not treat animals with this formulation.
