1. Before using this fumigant, read and follow all instructions on the label.
2. Consult with your local regulatory agency for any special requirements.
3. Do not use this fumigant in a confined space unless you have been trained and certified to do so.
4. Obtain medical assistance or advice before using this fumigant in a confined space.
5. Do not use this fumigant in a confined space unless you have been trained and certified to do so.
6. Do not use this fumigant in a confined space unless you have been trained and certified to do so.
7. Do not use this fumigant in a confined space unless you have been trained and certified to do so.
8. Do not use this fumigant in a confined space unless you have been trained and certified to do so.
9. Do not use this fumigant in a confined space unless you have been trained and certified to do so.

RESPIRATORY EXPOSURE

1. Respiratory protection is required when using this fumigant in a confined space.
2. Do not use this fumigant in a confined space unless you have been trained and certified to do so.
3. Do not use this fumigant in a confined space unless you have been trained and certified to do so.
4. Do not use this fumigant in a confined space unless you have been trained and certified to do so.
5. Do not use this fumigant in a confined space unless you have been trained and certified to do so.
6. Do not use this fumigant in a confined space unless you have been trained and certified to do so.
7. Do not use this fumigant in a confined space unless you have been trained and certified to do so.
8. Do not use this fumigant in a confined space unless you have been trained and certified to do so.
9. Do not use this fumigant in a confined space unless you have been trained and certified to do so.

EYE EXPOSURE

1. Wear safety glasses when using this fumigant in a confined space.
2. Do not use this fumigant in a confined space unless you have been trained and certified to do so.

SKIN EXPOSURE

1. Do not use this fumigant in a confined space unless you have been trained and certified to do so.
2. Do not use this fumigant in a confined space unless you have been trained and certified to do so.
3. Do not use this fumigant in a confined space unless you have been trained and certified to do so.
4. Do not use this fumigant in a confined space unless you have been trained and certified to do so.
5. Do not use this fumigant in a confined space unless you have been trained and certified to do so.
6. Do not use this fumigant in a confined space unless you have been trained and certified to do so.
7. Do not use this fumigant in a confined space unless you have been trained and certified to do so.
8. Do not use this fumigant in a confined space unless you have been trained and certified to do so.
9. Do not use this fumigant in a confined space unless you have been trained and certified to do so.
