Mr. Charles E. Bartz
General Paint & Chemical Company
201 Jandus Road
Cary, IL 60014

Dear Mr. Bartz:

Subject: Antifoulant Label Improvement Program
and Formulation Change
Tite-Gard Anti-Fouling Bottom Paint Blue
EPA Registration No. 11293-6
Your Submission of October 1, 1982

The amendment referred to above, submitted in connection with registration under FIFRA sec. 3(c)(7)(A), is acceptable, provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data.
2. Make the labeling changes listed below before you release the product for shipment bearing the amended labelings:
 - a. Based on the formula submitted, the maximum cuprous oxide that can be declared on the label is 22.5%.
 - b. Correct the active ingredient name to read Bis(tributyltin) oxide. According to your calculations you should declare 2.85% on the label.
3. Submit five (5) copies of your final printed labeling before you release the product for shipment.
4. Have your supplier of Acryloid F-10 submit the chemical composition to the Agency referencing your product name and EPA Registration Number.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product bearing the amended labeling constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely yours,

Richard F. Mountfort *RFM*
Product Manager (23)
Fungicide-Herbicide Branch
Registration Division (TS-767)
