DIRECTIONS FOR USE

ROACHES, ANTS, WATERBUGS, SILVERFISH, SPIDERS, CRICKETS: This material to be used for spot applications. Spray heavily in all cracks, around wallboards and other places where these insects hide. Also spray as spot applications, areas behind and beneath cabinets, refrigerators, sinks, stoves, etc. Treat as spot applications only to other localized areas infested with these pests. Repeat treatment as required.

CARPET BEETLES: Make spot application only to areas on the floor and baseboards. Spray directly into cracks and under carpets where insects may be found. Treat crevices, cracks, or closets and infested areas of shelvings. Repeat as necessary.

BROWN DOG TICKS: Thoroughly spray infested areas for spot application only around baseboards, window and door frames, wall cracks, sleeping quarters of household pets, and localized areas of floors and floor coverings. Applications should be repeated as infestations warrant and as re-infestations occur. Fresh bedding should be placed in animal quarters following treatment. Do not treat animal with this formulation.

FLIES, MOSQUITOES, WASPS AND FLYING MOTHS OUTDOORS: For outdoors, use for spot application only as an aid in reducing annoyance from these insects. Spray outside surfaces of doors, window frames or wherever these insects may enter the room. Also treat surfaces around light fixtures on porches, in garages, and other places where these insects alight or congregate.

CAUTION

CAUTION. Harmful if swallowed. Keep out of reach of children. Avoid contamination of feed and foodstuffs. Contact with skin can cause toxic symptoms. Avoid breathing spray mist. In case of contact with skin, wash with soap and water. Wash thoroughly after using. Do not use on household pets or animals.

COMBUSTIBLE MIXTURE Do not spray into or near fire or open flame. Do not smoke while using.
