SENTINEL PEST CONTROL LABORATORY
Phone 523-6312 211 N. Klein St., Springfield, Ill.

RECOMMENDED USES

Inside the home for Ants, Crickets, Spiders and Waterbugs mix 3 oz. to 1 gal. of water. Direct the spray into cracks and crevices and other hiding places such as behind baseboards and the top of the foundation wall in the basement. Contact as many insects as possible with spray. Spray trails and other areas where insects might enter the building.

Outside the home for the above pests treat the infested areas, door or window frames, patios, the foundation and particularly up under the bottom piece of siding and any other areas where insects may enter the building. Repeat as necessary. Don't spray vegetation.

CAUTION

Harmful if swallowed. Contact with skin can cause toxic symptoms. In case of contact with skin, wash with soap and water. Avoid breathing spray mist.

Avoid contamination of feed and food stuffs.

Do not use in edible products areas of food processing plants, restaurants or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed.

Food utensils such as teaspoons and tablespoons should not be used for food purposes after use with pesticides.

TREATMENT

If taken internally, induce vomiting and call a doctor. If victim is unconscious call a doctor and give artificial respiration until medical help arrives.

DO NOT REUSE EMPTY CONTAINER.
BURY OR DISCARD IN A SAFE PLACE.
