ROACH-NO-MO

KILLS ALL KINDS OF ROACHES AND WATER-BUGS.

CAUTION: Keep out of reach of children and domestic animals. Avoid contamination of feeds and food stuffs. Apply only to areas inaccessible to children and pets. Food utensils such as teaspoons should not be used for food purposes after use with pesticides. Do not reuse container. Destroy when empty.

Apply loose under and behind appliances in kitchen where roaches are seen. Also apply in infested closets, bathrooms or other places where roaches are seen.

Use mostly in kitchen under and behind refrigerators, sinks, stoves, waterheaters, etc. Be sure to keep plenty of ROACH-NO-MO out at all times. Allow at least 6 weeks so as to kill baby roaches as they hatch from eggs already laid.

FIRST AID TREATMENT

Call a physician. Induce vomiting by giving patient a tablespoon of salt in a glass of warm water. Repeat salt water until vomit is clear. Keep patient warm.
