U.S. ENVIRONMENTAL PROTECTION AGENCY
Office of Pesticide Programs
Registration Division (H7505C)
401 "M" St., S.W.
Washington, D.C. 20460

EPA Reg. Number:
11314-4

Date of Issuance:
8 AUG 1995

NOTICE OF PESTICIDE:
 x Registration
 Reregistration

Term of Issuance:
Conditional

Name of Pesticide Product:
Straight Arrow Kennel
Care II

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

Straight Arrow
P.O. Box 20350
Lehigh Valley, PA 18002-0350

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.

2. Make the following label changes:

- a. Revise the EPA Registration Number to read, "EPA Reg. No. 11314-4".
- b. Change the phrase "other common insects" to read "other crawling insects" to coincide with the directions for use section labeled "TO CONTROL CRAWLING INSECTS".
- c. The statement, "Buyer assumes all risks of use, storage or handling of this product not in strict accordance with directions given herewith.", is a label disclaimer and must appear as a separate paragraph.
- d. On the front panel add the referral statement, "See Side Panel For Additional Precautions".

- e. Delete the phrase, "... to the point of runoff." This is not a safe method of application especially for the non-professional applicator. We suggest the following wording "spray to lightly dampen absorbent and non-absorbent surfaces but do not allow runoff to occur."
- f. We note it is your intent to market this product for household use. Thus on the front panel add the use site limitation "For Residential Use Only" or "For Household Use Only".
- g. Since this is primarily applied indoors, you may delete the statement "Do not apply directly to lakes, ponds, streams, tidal marshes or estuaries" under the Environmental Hazards.

Since the product already has a trigger sprayer in place, this is acceptable and we have no further comments regarding how the product is being applied.

3. Submit two copies of the revised final printed label for the record.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Do not use this product in or on electrical equipment.

SHAKE WELL BEFORE USING

TO CONTROL FLEAS & TICKS ON DOGS (FOR 14 DAYS)

APPLIED AS A SPRAY: Start spraying at the tail, moving the dispenser rapidly and making sure that the animal's entire body is treated, including the legs and underbody. Fluff the hair while spraying so that the spray will penetrate to the skin and thoroughly wet it. Do not spray into eyes or face. Avoid contact with genitalia. **APPLIED AS A DIP:** Wet the dog with water before treatment. Sponge or pour KENNEL CARE™ FLEA & TICK SPRAY on the dog until its fur and skin are thoroughly wet, making sure that the animal's entire body is treated, including the legs and underbody. Do not treat dog's face. Avoid contact with genitalia.

TO CONTROL FLEAS & TICKS ON HOUSEHOLD PREMISES: Apply as a direct spray to control accessible stages of fleas & ticks. Spray to lightly dampen absorbent surfaces or to the point of run off on non-absorbent surfaces. Thoroughly spray infested areas, pet beds and resting quarters, cracks and crevices, along baseboards, moldings and window and door frames as well as localized areas of floor and floor covering. Repeat as necessary.

TO CONTROL CRAWLING INSECTS: Apply as a direct spray to control accessible stages of crawling insects including, but not limited to, cockroaches, ants, fleas, ticks, spiders, silverfish and crickets. Spray to thoroughly wet exposed insects. Direct spray into hiding places, cracks and crevices along baseboards and around door and window frames.

STORAGE AND DISPOSAL: Do not contaminate water, food or feed by storage or disposal.

CONTAINER DISPOSAL: CONTAINERS ONE GALLON AND SMALLER: STORAGE: Store in original container in a cool dry place inaccessible to children and pets. **DISPOSAL:** Do not reuse empty container. Wrap container in several layers of newspaper and discard in trash.

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if swallowed. Harmful if absorbed through skin. Harmful if inhaled. Causes eye injury. Avoid contact with skin, eyes or clothing. Avoid breathing of spray mist. Wash thoroughly with soap and water after handling. Remove clothing and wash before reuse. Avoid contamination of food and other feeds. Remove pets and birds, cover fish aquaria.

NOT FOR USE ON CATS. DO NOT USE ON OLD, SICK OR DEBILITATED ANIMALS,

NURSING PUPPIES OR PUPPIES UNDER 3 MONTHS OF AGE.

STATEMENT OF PRACTICAL TREATMENT IF SWALLOWED: Drink one or two glasses of water and induce vomiting by touching the back of the throat with finger. Repeat until vomit fluid is clear. Call a physician immediately. Do not induce vomiting or give anything by mouth to an unconscious person.

IF INHALED: Remove affected person to fresh air. Apply artificial respiration if indicated.

IF ON SKIN: Remove contaminated clothing, wash affected area with soap and water. Get medical attention if irritation persists.

IF IN EYES: Flush eyes with plenty of water. Call a physician if irritation persists.

ENVIRONMENTAL HAZARDS: This product is toxic to fish. Do not apply directly to lakes, ponds, streams, tidal marshes or estuaries. Do not contaminate water when disposing of equipment washwaters. Buyer assumes all risks of use, storage or handling of this product not in strict accordance with directions given herewith.
