CAUTION: KEEP OUT OF REACH OF CHILDREN!

Contents: One Pint

Especially developed to solve the problem of removing those black mildew spots and stains from vinyl, canvas and painted wood surfaces. Works in minutes . . . spray on Navy top underliners, boat cabin headliners, sails, life preservers, cushions, tents, campers, auto headliners, refrigerators, grout and shower curtains.

DIRECTIONS:

SHAKE WELL BEFORE USING. Hold bottle upright, screw on sprayer-head and remove protective cap. Spray lightly on spotted area. When spots are completely gone, usually in minutes, wash down treated surface with fresh water and wipe dry. After application, remove sprayer-head and spray through with fresh water and shake out water in tube. Replace cap on bottle and store upright. Rinse empty container thoroughly with water and discard it.

CAUTION: Avoid breathing vapors and apply in well ventilated area. Do not use near food. May be harmful if swallowed. May cause severe eye and skin irritation. Do not get into eyes. If splashed in eyes, flood with water. If swallowed, feed milk call physician. In case of skin contact, wash off with water. Do not use on metal surfaces. Do not use with other chemicals. To do so will release hazardous gases. Keep bottle upright in a cool place. **Not for use on colored fabrics, will lighten fabric in color slightly.** Do not contaminate water by cleaning of equipment, or disposal of wastes.
