AREAS OF USE: HOMES, HOTELS, SCHOOLS

1. For cleaning and disinfection of non-porous surfaces (tile, formica, glass) use solution of 1 oz. of concentrate to a gallon of water. Apply by mop or rag.
2. For best results, apply solution so as to wet surfaces thoroughly, then mop or wipe up excess. On walls and woodwork, wet in solution and wipe over surface.

Quaternary-ammonium type germicidal cleaners are neutralized by soaps and detergents and should not be used with these or any other cleaners.
