

Cross-contamination is of major housekeeping concern not only in hospitals, but in schools, institutions, and industry. **KLEEN-O-FECT III** is formulated for this problem area. It both cleans and disinfects effectively and is virucidal when used as directed. Its hard surface disinfecting action will reduce the hazard of cross-contamination.

KLEEN-O-FECT III is an extremely effective one-step sanitizer for non-food contact surfaces. It cleans and sanitizes in waters up to 850 ppm hardness. This hard water tolerance is in excess of most potable waters and will insure complete sanitizing action when used as directed.

Two ounces of **KLEEN-O-FECT III** per gallon of water will deodorize surfaces in bathrooms, garbage storage areas, and other areas where bacterial growth can cause mal odors. Prevents odor caused by mold and mildew.

Precautionary Statements

Hazards to Humans and domestic animals

WARNING

Keep out of reach of children. May cause severe eye irritation and or eye damage. Causes skin irritation. Do not get in eyes, on skin, or on clothing. Harmful if swallowed. Avoid contamination of food.

STORAGE AND DISPOSAL

THIS PRODUCT MUST BE KEPT UNDER LOCKED STORAGE SUFFICIENT TO MAKE IT INACCESSIBLE TO CHILDREN OR PERSONS UNFAMILIAR WITH ITS PROPER USE.

- DO NOT CONTAMINATE WATER, FOOD, OR FEED BY STORAGE OR DISPOSAL
- OPEN DUMPING IS PROHIBITED
- DO NOT REUSE EMPTY CONTAINER

PESTICIDE DISPOSAL

PESTICIDE SPRAY MIXTURE OR RINSATE THAT CANNOT BE USED OR CHEMICALLY REPROCESSED SHOULD BE DISPOSED OF IN A LANDFILL APPROVED FOR PESTICIDES OR BURIED IN A SAFE PLACE AWAY FROM WATER SUPPLIES.

CONTAINER DISPOSAL

TRIPLE RINSE (OR EQUIVALENT) AND DISPOSE IN AN INCINERATOR OR LANDFILL APPROVED FOR PESTICIDE CONTAINERS OR BURY IN A SAFE PLACE.

GENERAL

CONSULT FEDERAL, STATE OR LOCAL DISPOSAL AUTHORITIES FOR APPROVED ALTERNATIVE PROCEDURES SUCH AS LIMITED OPEN BURNING.

KLEEN-O-FE

Cleaner — Disinfectant — Deodorizer — Fungicide
Sanitizer with Organic Soil Tolerance
for Hospital, Institutional and Industrial

Active Ingredients

Didecyl dimethyl ammonium chloride
Tetrasodium ethylenediamine tetraacetate
Sodium carbonate
Sodium metasilicate, anhydrous

Inert Ingredients

KEEP OUT OF REACH OF CHILDREN

WARNING

Statement of Practical Treatment

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. Remove and wash contaminated clothing before reuse.

If swallowed, drink promptly a large quantity of water, egg whites, gelatin solution, or milk.

Directions for Use

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. **KLEEN-O-FECT III** is a proven "top" cleaner-disinfectant-sanitizer-fungicide-virucide in the presence of moderate amounts of organic soil.

Apply **KLEEN-O-FECT III** to walls, floors and other hard (inanimate) non-porous surfaces such as tables, chairs, countertops, sinks and bedframes with a cloth, mop or mechanical spray device so as to thoroughly wet surfaces. For heavily soiled areas, a preliminary cleaning is required. Prepare a fresh solution daily or when use solution becomes visible, dirty.

Disinfection — To disinfect hard, non-porous hospital surfaces, add 2 1/2 oz. per gallon of water. Treated surfaces must remain wet for 10 minutes. At this use-level **KLEEN-O-FECT III** is also virucidal and fungicidal. At 1 1/4 oz. per gallon, **KLEEN-O-FECT III** will disinfect hard non-porous surfaces in schools, industry and non-medical institutions.

For hospitals and nursing homes, add 2.5 oz. per gallon of water. The broad spectrum activity of **KLEEN-O-FECT III** has been evaluated in the presence of 5% serum and found to be effective against the following organisms by the AOAC Use-Dilution test.

Pseudomonas aeruginosa	Staphylococcus aureus	Salmonella choleraesuis
Escherichia coli	Streptococcus pyogenes	Proteus mirabilis
Klebsiella pneumoniae	Enterobacter aerogenes	Salmonella schottmuelleri
Streptococcus faecalis	Shigella dysenteriae	Brevibacterium ammoniagenes

AOAC Fungicidal Test

KLEEN-O-FECT III is an effective fungicide against Trichophyton mentagrophytes (the athlete's foot fungus) when used on surfaces in areas such as locker rooms, dressing rooms, shower and bath areas, exercise facilities, etc.

Virucidal Performance

*At 2 oz. per gallon use-level, **KLEEN-O-FECT III** was evaluated in the presence of 10% serum and found to be effective against the following viruses: Herpes Simplex (a member of the virus family that causes infectious mononucleosis), Vaccinia (representative of the pox viruses), Adenovirus Type 5 (a causative virus in respiratory diseases), and Influenza A2 as represented by the strains commonly called the Hong Kong Flu and the London Flu Virus, on inanimate environmental surfaces.

For schools, non-medical institutional and industrial uses: At 1 1/4 oz. per gallon of water, **KLEEN-O-FECT III** delivers excellent cleaning and germicidal effectiveness. It is effective against Staphylococcus aureus, Salmonella choleraesuis and Escherichia coli. The same AOAC test used above to confirm suitable performance for hospitals were used.

SANITIZING-NON-FOOD CONTACT SURFACES (such as walls, floors, tables, etc.) At 1 oz. per 2 1/4 gallon use level, **KLEEN-O-FECT III** is an effective sanitizer in waters of up to 850 ppm hardness against Staphylococcus aureus and Klebsiella pneumoniae in the presence of 5% serum on hard porous and non-porous environmental surfaces.
