

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY WASHINGTON, DC 20460

OFFICE OF CHEMICAL SAFETY AND POLLUTION PREVENTION

June 5, 2015

Mike Jennings Director, Safety & Regulatory Affairs LPM Manufacturing, Inc. 2005 E. Indian School Road Phoenix, AZ 85016

Subject: Label Amendment – Revise Directions for Use, Container Disposal Language, Optional Graphics and Precautionary Statements Product Name: Leslie's Swimming Pool Supplies Chlor Brite II EPA Registration Number: 11411-1 Application Date: November 19, 2014 Decision Number: 498795

Dear Jennings:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance

Page 2 of 2 EPA Reg. No. 11411-1 Decision No. 498795

with FIFRA section 6. If you have any questions, please contact Wanda Henson by phone at (703) 308-6345, or via email at <u>henson.wanda@epa.gov</u>.

Sincerely,

M. for Warden A.

Demson Fuller, Product Manager 32 Regulatory Management Branch II Antimicrobials Division (7510P) Office of Pesticide Programs

DANGER

See First Aid Statement and Additional Precautions on [Back][Side] Panel

ACTIVE INGREDIENT:

Sodium dichloro-s-triazinetrione	97%
OTHER INGREDIENTS	3%
Total	.100%
(Available Chlorine – 62%)	

[LPM 12114] - NET WT. 12.5 lbs. (5.67 kg)

ACCEPTED 06/05/2015

Under the Federal Insecticide, Fungicide and Rodenticide Act as amended, for the pesticide registered under EPA Reg. No. 11411-1

{**Back/Side Panel**}

	FIRST AID	
If in eyes	 Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. 	
If on skin or	Take off contaminated clothing.	
clothing	 Rinse skin immediately with plenty of water for 15-20 minutes. 	
	Call a poison control center or doctor for treatment advice.	
If inhaled	Move person to fresh air.	
	 If person is not breathing, call 911 or an ambulance, then give artificial 	
	respiration, preferably mouth-to-mouth, if possible.	
	Call a poison control center or doctor for further treatment advice.	
If swallowed	Call a poison control center or doctor immediately for treatment advice.	
	 Have person sip a glass of water if able to swallow. 	
	• Do not induce vomiting unless told to do so by a poison control center or	
	doctor.	
	• Do not give anything by mouth to an unconscious person.	
Have the produ	uct container or label with you when calling a poison control center or doctor, or	
going for treatment. For medical emergencies, call the Poison Control Center at 1-800-222-		
1222.		
	NOTE TO PHYSICIAN	

Probable mucosal damage may contraindicate the use of gastric lavage.

PRECAUTIONARY STATEMENTS

HAZARD[S] TO HUMANS AND DOMESTIC ANIMALS

DANGER: Highly Corrosive. Causes irreversible eye damage and skin burns. Harmful if swallowed. Irritating to nose and throat. Do not get in eyes, on skin or clothing. Do not breathe dust, vapor or spray mist. Wear protective eyewear (goggles or safety glasses). Wear protective clothing and rubber gloves when handling this product. Avoid breathing dust and fumes. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, smoking tobacco or using the toilet. Remove contaminated clothing and wash clothing before reuse.

ENVIRONMENTAL HAZARD[S]: This pesticide is toxic to fish and aquatic organisms.

PHYSICAL OR CHEMICAL HAZARD[S]: Strong oxidizing agent. Do not mix with other chemicals. Never add water to product. Always add product to large quantities of water. Use only clean, dry utensils. Do not add this product to any dispensing device containing remnants of any other product. Such use may cause a violent reaction leading to fire or explosion. Contamination with moisture, organic material or other chemicals may start a chemical reaction with generation of heat, liberation of hazardous gases and possible fire or explosion. Avoid contact with flaming or burning material, such as a lighted cigarette. In case of contamination or decomposition, do not reseal container. If possible, isolate container in open and well-ventilated area and flood with large amounts of water.

DIRECTIONS FOR USE: It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

[READ ALL PRECAUTIONARY STATEMENTS BEFORE USE]

START-UP (FRESHLY FILLED): When starting up a new pool, superchlorinate to satisfy chlorine demand and to establish a Free Available Chlorine (FAC) level of 1-4 ppm. Follow **'SUPERCHLORINATION'** instructions below. It may be necessary to stabilize the pool water with **[a stabilizer][brand name]** according to the label directions.

ROUTINE USE: [This product][brand name] should be added every other day or as needed at the rate of two ounces per 10,000 gallons of pool water to maintain a Free Available Chlorine (FAC) level of 1-4 ppm at all times as determined by a reliable test kit. The pH should be maintained between 7.2-7.8 (ideal pH is 7.4-7.6). Keep in mind that weather conditions, water temperature, bather usage and other factors can affect the water's chlorine demand. Additional dosages of [this product][brand name] may be required to maintain the FAC level between 1-4 ppm as determined by a reliable test kit. Re-entry into treated swimming pools is prohibited above levels of 4 ppm of chlorine due to risk of body injury.

ALGAE CONTROL: Before using this product, brush all surfaces showing algae growth. Use [this product][brand name] at night or when pool is not in use. Broadcast the product into the deep end of the pool with the pump running at a ratio of two pounds per 10,000 gallons of water for medium to heavy algae growth or one pound per 10,000 gallons of water for light algae growth. Use a pool brush to disperse any granules that may have settled on the bottom of the pool. Brush any remaining algae and clean/backwash filter. If algae are still present, repeat treatment. SUPERCHLORINATION: Broadcast one ounce of [this product][brand name] per 1,000 gallons of water directly into the deep end of the pool. To avoid damage to pool surface, use a pool brush to disperse any granules that may have settled to the bottom of the pool. Do not allow undissolved product to rest against bleachable pool surfaces.

{Storage & Disposal language may/may not have border}

STORAGE AND DISPOSAL:

Do not contaminate water, food, or feed by storage or disposal.

STORAGE: Keep product dry in its original, tightly closed container when not in use. Store container in a cool, dry, well-ventilated area away from heat or open flame. Storage area should be locked and inaccessible to children. **PESTICIDE DISPOSAL**: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance. **CONTAINER DISPOSAL**: Nonrefillable container. Do not reuse or refill this container. Triple rinse (or equivalent) empty container then offer for recycling, if available, or discard in trash.
