AND POLLUTION PREVENTION

May 13, 2022

Mike Jennings
Director, Safety and Regulatory Affairs
LPM Manufacturing, Inc.
2005 E. Indian School Rd.
Phoenix AZ 85016

Subject: Notification per PRN 98-10 – Notification of add'l package/container size (30 Lbs.)
Product Name: Leslie's Swimming Pool Supplies 3" Jumbo Tabs
EPA Registration Number: 11411-8
Received Date: 12/22/2021
Action Case Number: 00337532

Dear Mr. Jennings:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 for the above referenced product. The Antimicrobials Division (AD) has conducted a review of this request for its applicability under PRN 98-10 and finds that the action requested falls within the scope of PRN 98-10.

The label submitted with the application has been stamped "Notification" and will be placed in our records.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) lists examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Assurance.

If you have any questions, you may contact Jack Hall at (202)566-0731 or via email at hall.john.j@epa.gov.

Sincerely,

A handwritten signature in blue ink, appearing to read "John Hall", though the caption identifies the signatory as Demson Fuller.

for Demson Fuller,
Product Manager 32
Regulatory Management Branch I
Antimicrobials Division (7510P)
Office of Pesticide Programs

FIRST AID	
If in eyes	<ul style="list-style-type: none">• Hold eye open and rinse slowly and gently with water for 15-20 minutes.• Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.• Call a poison control center or doctor for treatment advice.
If inhaled	<ul style="list-style-type: none">• Move person to fresh air.• If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible.• Call a poison control center or doctor for further treatment advice.
If swallowed	<ul style="list-style-type: none">• Call a poison control center or doctor immediately for treatment advice.• Have person sip a glass of water if able to swallow.• Do not induce vomiting unless told to do so by a poison control center or doctor.• Do not give anything by mouth to an unconscious person.
If on skin or clothing	<ul style="list-style-type: none">• Take off contaminated clothing.• Rinse skin immediately with plenty of water for 15-20 minutes.• Call a poison control center or doctor for treatment advice.
Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For medical emergencies, call the Poison Control Center at 1-800-222-1222 .	
NOTE TO PHYSICIAN	
Probable mucosal damage may contraindicate the use of gastric lavage.	

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER: Corrosive. Causes irreversible eye damage. May be fatal if inhaled. Harmful if swallowed or absorbed through skin. Do not get in eyes, on skin or clothing. Do not breathe dust, vapor or spray mist. Wear goggles or safety glasses, rubber gloves and protective clothing when handling this product. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove contaminated clothing and wash before reuse.

{Environmental Hazard statement for end-use products in containers of less than 50 pounds (solid,dry weight)}

ENVIRONMENTAL HAZARD[S]: This pesticide is toxic to fish and aquatic organisms.

{Environmental Hazard statement for end-use products in containers equal to or greater than 50 pounds (solid, dry weight)}

ENVIRONMENTAL HAZARD[S]: This product is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

PHYSICAL OR CHEMICAL HAZARD[S]: Strong oxidizing agent. Do not mix with other chemicals. **Never add water to product.** Always add product to large quantities of water. Use only clean, dry utensils. Do not add this product to any dispensing device containing remnants of any other product. Such use may cause a violent reaction leading to fire or explosion. Contamination with moisture, organic material or other chemicals may start a chemical reaction with generation of heat, liberation of hazardous gases and possible fire or explosion. Avoid contact with flaming or burning material, such as a lighted cigarette. In case of contamination or decomposition, do not reseal container. If possible, isolate container in open and well-ventilated area and flood with large amounts of water.

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

[READ ALL PRECAUTIONARY STATEMENTS BEFORE USE]

Automatic chlorinators and floating chlorinators: Add [this product]{or}[brand name(s)] according to the directions on your chlorinator.

Cartridge Chlorinators: Remove top of cartridge and refill with [this product]{or}[brand name(s)]. Follow the directions on the cartridge. **Important:** Allow the empty cartridge to dry before refilling.

DO NOT ADD [THIS PRODUCT]{or}[BRAND NAME(S)] DIRECTLY INTO THE POOL OR THE POOL SKIMMER AS DAMAGE WILL OCCUR.

START-UP: 1. Adjust the pH to 7.2-7.8 (ideal pH is 7.4-7.6), the Total Alkalinity to 80-120 ppm depending on type of primary sanitizer used (80-100 ppm for sodium hypochlorite, calcium hypochlorite or lithium hypochlorite and 100-120 ppm for dichlor, trichlor or bromine tablets) and Calcium Hardness to 200 ppm minimum.

2. [Superchlorinate {or} Super chlorinate {or} Super-chlorinate] with [an EPA registered sanitizer]{or}[brand name(s)]{or} [your preferred [Leslie's] shock product] to attain a Free Available Chlorine (FAC) level of 1-4 ppm. Follow use directions on [those]{or}[that] product label[s].

3. The next day, stabilize your pool using [a stabilizer]{or}[brand name(s)] {or} [your preferred stabilizer product]. Follow label directions.

ROUTINE USE: The amount of [this product][brand name(s)] that must be added on a routine basis will vary with individual pool conditions such as bather load, water temperature, organic contaminants and other conditions. Normally, one tablet per 10,000 gallons of pool water will be needed every week.

Maintain a Free Available Chlorine (FAC) level of 1-4 ppm at all times. It may be necessary to increase the chlorinator feed rate or [superchlorinate {or} super chlorinate {or} super-chlorinate] during heavy periods of use to maintain this FAC level. Maintain the pH between 7.2-7.8 (ideal pH is 7.4-7.6), the Total Alkalinity between 80-120 ppm depending on type of primary sanitizer used (80-100 ppm for sodium hypochlorite, calcium hypochlorite or lithium hypochlorite and 100-120 ppm for dichlor, trichlor or bromine tablets) and Calcium Hardness between 200-400 ppm. Test regularly with a reliable test kit and make the necessary adjustments using the appropriate [Leslie's] pool care product. To remove excessive organic materials and keep the water sparkling clear, [superchlorinate {or} super chlorinate {or} super-chlorinate] weekly with [an EPA registered sanitizer]{or}[brand name(s)]{or} [your preferred [Leslie's] shock product] when water temperatures are above 80°F. Follow use directions on [those][that] product label[s]. You may only need to [superchlorinate {or} super chlorinate {or} super-chlorinate] every other week when water temperatures are below 80°F. Reentry into treated swimming pools is prohibited above levels of 4 ppm of chlorine due to risk of body injury.

ALGAE CONTROL: In case of algae, [superchlorinate {or} super chlorinate {or} super-chlorinate] with [an EPA registered sanitizer]{or}[brand name(s)] {or}[your preferred [Leslie's] shock product] according to the use directions on [those][that] product label[s]. Pool should not be entered until the chlorine level is 1-4 ppm.

{Optional Storage & Disposal Statement for 8 oz. or 16 oz. 3" bagged Jumbo Tab(s)}

STORAGE AND DISPOSAL:

Do not contaminate water, food or feed by storage or disposal.

STORAGE: Keep product dry in its original wrapper until ready to use. Store wrapped tablet[s] in a cool, dry, well-ventilated area away from heat or open flame. Storage area should be locked and inaccessible to children.

WRAPPER DISPOSAL: Nonrefillable container. Do not reuse or refill this container. Triple rinse (or equivalent) empty wrapper then offer for recycling, if available, or discard in trash.

{Storage & Disposal Statement for all sizes except 8 oz. 3" Jumbo Tab}

STORAGE AND DISPOSAL:

Do not contaminate water, food, or feed by storage or disposal.

STORAGE: Keep product dry in its original, tightly closed container when not in use. Store container in a cool, dry, well-ventilated area away from heat or open flame. Storage area should be locked and inaccessible to children.

PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance. **CONTAINER DISPOSAL:** Nonrefillable container. Do not reuse or refill this container. Triple rinse (or equivalent) empty container then offer for recycling, if available, or discard in trash.

EPA Reg. No. 11411-8 [-]

{Reader's note: Any of the following EPA Est. No. formats may appear on label.}

EPA Est. No. {to be added}

{or}

EPA Est. No. 11411-CA-1 (C)

EPA Est. No. 58401-IL-1 (S)

EPA Est. No. 3525-NJ-1 (NJ)

EPA Est. No. 69470-WV-2 (SC)

Match letter(s) in () following EPA Est. No. above to corresponding letter(s) in lot code on this container to identify producing establishment.

{Reader's note: Other establishment numbers and letter codes may be listed on label.}

{or}

EPA Est. No. 11411-CA-1^(C)
EPA Est. No. 58401-IL-1^(S)
EPA Est. No. 3525-NJ-1^(NJ)
EPA Est. No. 69470-WV-2^(SC)

Letter designation in lot code identifies actual producing establishment.

{Reader's note: Other establishment numbers and letter codes may be listed on label.}

{or}

EPA Est. No. 11411-CA-1
EPA Est. No. 58401-IL-1
EPA Est. No. 3525-NJ-1
EPA Est. No. 69470-WV-2

Actual EPA establishment number shown in lot code.

{Reader's note: Other establishment numbers may be listed on label.}
