Subject: Amended Reregistration Label
Product Name: Leslie's Swimming Pool Supplies Algae Control
EPA Registration Number: 11411-11
Decision Number: 455599

Dear Mr. Jennings:

The Agency, in accordance with the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, has completed reviewing all of the information submitted with your application to support the reregistration of the above referenced product in connection with the Busan 77 RED, and has concluded that your submission is acceptable. The label referred to above, submitted in connection with registration under FIFRA, as amended, is acceptable.

NOTE: This product is **not** yet being reregistered under section 4(g) of FIFRA at this time.

Please note that the record for this product currently contains the Confidential Statements of Formulation (CSFs) listed below. Any previously dated CSFs are superseded.

- Basic Formulation CSF, dated June 02, 2011

A copy of your label stamped "Accepted" is enclosed. Products shipped after 12 months from the date of this amendment or the next printing of the label, whichever occurs first, must bear the new revised label. Your release for shipment of the product bearing the amended label constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6.

If you have any questions about this letter, please contact Lorena Rivas at (703) 305-5027 or rivas.loreana@epa.gov.

Sincerely,

A handwritten signature in red ink that reads "Jacqueline Hardy". The signature is written in a cursive style and is enclosed within a faint, light-colored rectangular border.

Jacqueline Hardy, Product Manager (34)
Regulatory Management Branch II
Antimicrobials Division (7510P)

Enclosures: Label stamped "Accepted"

EPA Master Label – EPA Reg. No. 11411-11

{Stop! graphic below may/may not appear on final label}

{Environmental Hazard statement for end-use products in containers of less than 5 gallons (liquid)}

ENVIRONMENTAL HAZARD: This pesticide is toxic to fish, aquatic invertebrates and clams.

PHYSICAL OR CHEMICAL HAZARD: Do not mix with other chemicals. This product is a reducer. Keep away from oxidizing agents.

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

READ ALL PRECAUTIONARY STATEMENTS BEFORE USE

HOW TO USE: [This product][brand name] is used to control the growth of algae in swimming pools, exterior spas, whirlpools, hot tubs, decorative fountains and containerized ponds that **do not** contain fish. For maximum effectiveness, pools, spas, whirlpools, hot tubs, decorative fountains and containerized ponds containing heavy growth of algae must be cleaned prior to using this product.

ROUTINE USE: For pools having just visible algae growth add an initial dose of 11 to 16 fluid ounces of [this product][brand name] per 10,000 gallons of water and remove settled algae. For treatment of freshly cleaned and filled pools, add 6 to 11 fluid ounces of [this product][brand name] per 10,000 gallons of water. Subsequent additions of 2 to 4 fluid ounces of [this product][brand name] per 10,000 gallons of water must be made every 5 to 7 days after initial treatment for maintenance.

Spas, whirlpools, hot tubs, decorative fountains and containerized ponds having just visible algae growth require an initial dose of 1 to 2 fluid ounces of [this product][brand name] per 1,000 gallons of water. For treatment of a freshly cleaned spa, whirlpool, hot tub, decorative fountain or containerized pond, add 0.6 to 1.1 fluid ounces of [this product][brand name] per 1,000 gallons of water. Subsequent additions of 0.2 to 0.4 fluid ounces of [this product][brand name] must be made every 5 to 7 days after initial treatment for maintenance.

[This product][brand name] will prevent growth of most algae during the off-season winter months when pools are not in use. For pools that have been properly treated during the swimming season and are free of visible algae, add 6 to 10 fluid ounces of [this product][brand name] per 10,000 gallons of water. If at the end of the swimming season pools have some visible algae growth, add 12 to 16 fluid ounces per 10,000 gallons. It is necessary that a uniform distribution of [this product][brand name] throughout the water and the pool be made for maximum effectiveness. If pool is not covered, it may be necessary to repeat the treatment one or more times during the off-season.

[this product][brand name] is compatible with those chemicals normally used to treat pools and spas and is effective at both acid and alkaline pH. [this product][brand name] can be used in pools and spas treated with chlorine chemicals and may reduce the amount of those chemicals normally required. However, **do not** mix [this product][brand name] with concentrated dry or liquid chlorine products.

{Storage and Disposal information may/may not be framed by border lines}

STORAGE AND DISPOSAL:

Do not contaminate water, food or feed by storage or disposal.

STORAGE: Keep product in its original, tightly closed container when not in use. Storage area must be locked and inaccessible to children and pets.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on the site or at an approved waste disposal facility.

CONTAINER HANDLING : Nonrefillable container. Do not reuse or refill this container. Offer for recycling, if available, or discard in trash or in a sanitary landfill.
