When used as directed, SERCO BACTERIOSTATIC LAUNDRY DETERGENT will sanitize fabric during the washing cycle, sanitize the wash water, impart a bacteriostatic finish to Staphylococcus aureus and Escherichia coli, and leave a self-sanitizing residue on laundered fabrics.

USE DIRECTIONS: Use ¾ cup (120 gr.) of SERCO BACTERIOSTATIC LAUNDRY DETERGENT to a standard (12 gr.) wash load to launder 10 lbs. of dry fabric. Do not use this product with other soaps or detergents since such mixtures may destroy the antibacterial properties of this product. Cationic softeners may be used in the final rinse without adversely affecting the biological performance of the product.

Suds Saver: For washing machines equipped with suds saver cycles, use an additional ¾ to 1 cup of this product for EACH load of wash.

DANGER: KEEP OUT OF REACH OF CHILDREN

Harmful if swallowed. May cause burns or damage to the eyes. Do not get on skin or in eyes. If contact with eyes occurs, flush with plenty of water for 15 minutes and get medical attention.

FIRST AID: If swallowed, promptly drink a large quantity of milk, whole milk, water or other liquid. Do not induce vomiting.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression, and convulsion may be needed.

ACTIVE INGREDIENT:
Sodium Metasilicate

INERT INGREDIENT:

NET WT. 125 LBS.
