Attn: Harold B. Igdaloff

Subject: Sunbugger #2
EPA Registration No. 11474-10
Application dated June 2, 1992

Dear Mr. Igdaloff:

The proposed amendment to the registration of the product cited above under The Federal, Insecticide, Fungicide, And Rodenticide Act changing the declaration of petroleum distillate from active to inert and updating the labeling is acceptable. A stamped copy of the label is enclosed for your records.

The Confidential Statement of Formula (CSF) dated June 2, 1992 is acceptable and has been placed into the file for this product.

Sincerely,

Richard F. Mountfort
Product Manager 10
Insecticide & Rodenticide Branch
Registration Division (H7505C)

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
CAUTION**

Harmful if swallowed. Avoid exposing babies and small children to the fog. Avoid contact with skin, eyes, or clothing. In case of contact, immediately flush skin and eyes with plenty of water. Get medical attention if irritation persists. Foods should be removed or covered during treatment. All food processing surfaces should be covered during treatment or thoroughly cleaned before using. Do not apply while food processing plant is occupied and in operation. Remove pets, birds, and cover fish aquariums before spraying.

STATEMENT OF PRACTICAL TREATMENT

If swallowed: Do not induce vomiting because of aspiration hazard. Call a physician or Poison Control Center immediately.

PHYSICAL OR CHEMICAL HAZARDS

Do not use, pour spill, or store near heat or open flame. Keep container closed and store at room temperatures above 32° F. This formulation is combustible. Extinguish open flame before space spraying.

ENVIRONMENTAL HAZARDS

This product is toxic to fish and birds. Do not contaminate water when disposing of equipment washwaters. Do not apply when weather conditions favor drift from areas treated. Do not spray on turf or plants.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

PESTICIDE DISPOSAL:

Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL:

Triple rinse (or equivalent), then offer for recycling or reconditioning or puncture and dispose of in a sanitary landfill or by other approved state and local procedures.

DIREC

It is a violation of Federal law to use this product in a manner inconsistent with its label.

For use in Warehouses, and for small outdoor areas. This formulation is to be used with thermal applicator equipment in sizes within the aerosol size range.

THERMAL APPLICATION: Flies, Mosquitoes, and Gnats in industrial institutions. Use in food handling surfaces. Run off ventilating systems, and close off room or area. Extinguish all flames and the rate of 1 1/3 fluid ounces. Direct nozzle of thermal applicator at the top of the room and along the walls to be treated, for at least one hour. Ventilate the area up and destroy fallen insects.

THERMAL APPLICATION: To avoid annoyance from flies, mosquitoes, and gnats around swimming pools, and horse stables. Hold applicator from any object, especially foliage. Apply 1.5 gallons per acre which is equivalent to 1.5 fluid ounces per 1000 feet. Fog only when there is a wind of more than 3 miles per hour. When the wind dies down and the temperature are approximations the fog will linger in the area. Apply fog while moving and the fog will linger in the area. Apply fog while moving and the fog will linger in the area. Do not eat or drink. Repeat application.
