**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

CAUTION

In case of poisoning, get prompt medical aid. May be harmful if swallowed, inhaled, or absorbed through the skin. Do not get in eyes, on skin, or on clothing. In case of contact, wash immediately with soap and warm water. Wash hands, arms, and face thoroughly with soap and water before eating or smoking. Wash all contaminated clothing with soap and hot water before re-use.

Do not allow children to contact treated areas until surfaces are thoroughly dry. Remove pets and cover fish bowls before spraying.

Should illness occur, get prompt medical aid.

TO PHYSICIAN: Atropine sulfate is antidotal.

ENVIRONMENTAL HAZARDS

Do not use as a space spray. Provide adequate ventilation of area being treated. Do not store near feed or food products. Avoid contamination of feed, food, food processing equipment, and food handling surfaces. Do not apply to animals.

FOR USE IN MEAT PACKING & FOOD PROCESSING PLANTS:
Use only in the inedible product areas of meat packing plants. Any exposed food products, equipment, or packaging materials must be removed or covered before spraying. Wash all equipment with an effective cleaning compound followed by a rinse with potable water before resuming operations. Treat food processing plants early in the season before canning or other processing begins. Repeat applications, if necessary, when plant is not in operation. Spraying unloading docks and outside areas where insects congregate will aid in preventing reinfestation. Good sanitation and proper disposal of wastes is essential in any effective insect control program.

PHYSICAL OR CHEMICAL HAZARDS

DO NOT USE, POUR, SPILL OR STORE NEAR HEAT OR OPEN FLAME.

RESIDUAL SPRAY

CONTAINS BAYGON®

For Industrial and Institutional Use

Residual Spray is a highly effective ready to use formulation for control of the insects listed below, including those resistant to certain chlorinated hydrocarbon and phosphate. This product gives rapid kill and long residual activity.

ACTIVE INGREDIENTS:

2-(1-Methylethoxy) phenol methylcarbamate*	1.0%
Petroleum Distillate	84.0%
INERT INGREDIENTS	15.0%

*U.S. Patent No. 3,111,539

BAYGON is a Reg. TM of the Parent Company of Farbenfabriken BAYER GmbH, Leverkusen.
