

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS & DOMESTIC ANIMALS

Harmful if swallowed. Avoid contact with skin, eyes or clothing. Avoid inhalation of spray mist. Wash thoroughly after handling.

ENVIRONMENTAL HAZARDS

Keep out of lakes, streams, ponds, tidal marshes, and estuaries. Do not apply when weather conditions favor drift from target area.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Do not spray flower beds, borders or shrubbery. TREAT-TURF is a plant killer. Avoid allowing spray to drift over flowering plants, vegetable gardens, etc. Coarse sprays are less likely to drift. The first mowing after treatment should not be used as mulch for flowers and vegetables.

Time of application: Apply in warm weather under good growing conditions. Some injury to turf may result if this product is applied in very hot weather.

(over 90 F.) or in drought conditions. For established greens apply 4 fluid oz. in 5 gallons of water per 1000 sq. ft. (1½ gals. in 100-200 gals. of water per acre). For established turf and fairways use 4½-6½ fluid oz. in 2 gallons of water per 1000 sq. ft. (1½-2½ gals. in 40-60 gals. of water per acre).

Mixing: In order to ensure even mixing fill half the spray tank with clean water. Add required amount of herbicide, mix thoroughly and finally add more water as required. It is not necessary to add a sticking agent.

Application: Always use equipment which applies the product uniformly. A boom type sprayer is recommended. To allow for best absorption of the chemical by the weeds, avoid cutting or mowing turf for at least one day before and after spraying. Water sprinklers should not be used for 24 hours after spraying.

IMPORTANT - Wash out spray equipment before using herbicide. After use, rinse equipment including nozzles thoroughly with water containing a wetting agent or detergent fluid; refill with clean water and let stand overnight. Empty spray equipment the following day. Ponds, streams, rivers and water sources **MUST NOT** be contaminated with the concentrate solution or spray washings.

SUNGRO TREAT-TURF HERBICIDE

Clover-Chickweed killer for turf, fairways and golf courses.

TREAT-TURF HERBICIDE is a stable aqueous solution containing the potassium salt of MCPP, equivalent to 13.4 ounces of acid per gallon. It is non-flammable. TREAT-TURF may be used on grasses such as blue grass, bentgrass, bermudagrass, fescue, for control of many broadleaf weeds as:

Common Chickweed (Stellaria media)	Dichondra (Dichondra repens)
Mouse-ear Chickweed (Cerastium Vulgatum)	Pigweed (Amaranthus spp.)
Clover (Trifolium spp.)	Ragweed (Ambrosia spp.)
Plantains (Plantago spp.)	Lambsquarters (Chenopodium album)
Knowerd (Polygonum aviculare)	Ground Ivy (Glechoma Hederacea)

ACTIVE INGREDIENTS:

Potassium salt of 2-(2-methyl-4-chlorophenoxy) propionic acid* 10.6%

INERT INGREDIENTS 89.4%

TOTAL 100.0%

2-(2-Methyl-4-chlorophenoxy)propionic acid 9.0%

*Contains equivalent of 0.918 lbs. of acid per gallon

KEEP OUT OF REACH OF CHILDREN CAUTION

STATEMENT OF PRACTICAL TREATMENT

In case of contact, wash skin with plenty of soap and water; for eyes, flush with water for 15 minutes. Get medical attention.

STORAGE AND DISPOSAL

Store container, tightly closed, away from greenhouse, seeds, fertilizers and water supplies. Protect from freezing.

PROHIBITION - Do not contaminate water, food, or feed by storage or disposal. Open dumping is prohibited.

PESTICIDE DISPOSAL - Pesticide, spray mixture or residue that cannot be used or chemically reprocessed should be disposed of according to procedures approved by federal, state or local disposal authorities.

CONTAINER DISPOSAL - Triple rinse (or equivalent) and dispose of in an approved landfill or bury in a safe place.

GENERAL - Consult federal, state, or local disposal authorities for approved alternative procedures.

Seller guarantees that this material conforms to the chemical description on the label and is effective for the purposes claimed when used in accordance with the label instruction. The buyer assumes all risk and responsibility for use and/or handling which is not in accordance with label instructions. No other warranty expressed or implied is authorized by the seller.
