

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
CAUTION**

Harmful if swallowed. Avoid breathing vapors or spray mist. Wear a pesticide respirator jointly approved by the Mining Enforcement and Safety Administrator and the National Institute for Occupational Safety and Health under the provisions of 30 CFR Part 11. Contains petroleum distillate. If swallowed do not induce vomiting. Get medical attention if irritation persists. Do not apply directly to food. Do not apply space spray while food processing is underway. Cover or remove all food processing surfaces. Thoroughly wash all food processing surfaces with detergent and rinse with potable water after pesticide application before reuse. After spraying in meat packing plants, dairies, and food processing plants, wash with detergent and rinse with potable water all equipment, benches, shelving etc., where exposed food will be handled. Food processing operations must be stopped while applying a wet spray, with care and in accordance with the directions given above. When using in animal housing areas, do not apply directly to food, water, feed supplements. Do not apply directly to animals. Wash teats of dairy animals before milking. Remove pets, birds and cover fish aquariums before spraying.

PHYSICAL HAZARDS

Do not store near heat or open flame.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with labeling.

General: This product is designed for use and used in mechanical structures and production areas such as the LEED or MICRO GEN. NOTE: When used in hospitals, patients should be removed prior to treatment and after the treatment. Do not return patients to rooms until after ventilation.

SUNBUGGER 100 PYRETHEUM

For use in household and food processing plants, restaurants, industrial buildings, schools, warehouses, offices, theatres, garages, hotels, motels, hospitals and kennels.

ACTIVE INGREDIENTS:

Pyrethrins.....	1.00%
*Piperonyl butoxide, technical.....	2.00%
**N-actyl bicycloheptene dicarboximide.....	3.34%
Petroleum distillate.....	94.00%
	100.00%
* Equivalent to 1.6% (butylcarbityl)(6-propylpiperonyl) ether and .4% related compounds.	
**MGK-264, Insecticide Synergist.	

**CAUTION
KEEP OUT OF REACH OF CHILDREN**

Net Contents

For Use in Homes, Restaurants, Food Processing Plants and Other Enclosed Areas. SPACE SPRAY (UNDUTED) To Kill Houseflies, Mosquitoes, Gnats and Small Flying Moths. Close room and shut off air conditioning or ventilation equipment. Using a fogger, apply 1/2 pint of the 100% concentrate per 1000 cu. ft. of space. Direct output from aerosol generator upwards toward upper corners of room and ceiling. Leave room closed for one half hour. Ventilate room thoroughly before reentry. Repeat as necessary. SPACE SPRAY (UNDUTED) For Ordinary Mechanical Flogging Equipment to Kill Flies, Mosquitoes, Small Flying Moths and Gnats. Cover or remove exposed food and food handling surfaces. Close room and shut off air conditioning or ventilation equipment. Dilute Concentrate with water at the rate of 1 part Concentrate plus 9 parts of water and mix well. Apply at the rate of 50 fl. oz. of diluted spray (4 gal. per 25,000 cu. ft. of space) Direct fog upward toward upper corners of room and ceiling area. Leave room closed for one hour. Do not remain in treated area. Ventilate room thoroughly before reentry.

CONTACT SPRAY (UNDUTED) To Kill Cockroaches, Rice Weevils, Sawtoothed Grain Beetles, Confused Flour Beetles, Bark Carpet Beetles and Red and Black Mites. Close room and shut off air conditioning or ventilation equipment. Using a fogger, apply 1/2 pint of the 100% concentrate per 1000 cu. ft. of space. Direct output from aerosol generator into areas suspected of harboring these pests. Some areas may need to be treated under sinks, behind doors and refrigerators, and wherever these pests are suspected of hiding. Spray until treated surfaces are moist with fogger. Leave room closed for one half hour. Ventilate room thoroughly before reentry. Repeat as necessary.

CONTACT SPRAY (UNDUTED) For Use with Sprayers that Give Large Working Spray Particles to Kill Cockroaches and All the Stages of Grain and Insects: Grain Weevils, Rice Weevils, Confused Flour Beetles, Rusty Grain Beetles, Red Flour Beetles and Red Mites. Close room and shut off air conditioning or ventilation equipment. Dilute Concentrate with water at the rate of 1 part Concentrate plus 9 parts of water and mix well. Spray outside walls of grain bins, flooring, about base of mowing machine and in and around grain storage areas. Use other insect harborage areas. Using 1 gal. of spray per 1000 sq. ft. of surface. For use in cracks and crevices. Repeat applications as necessary. FOR USE IN CRAWL AND BEET BATHS: SUNGRO 100% SPACE SPRAY (UNDUTED) For Use in Aerosol Generators to Kill Flies, Mosquitoes, Gnats, Small Flying Moths and Exposed Cockroaches. Cover or remove exposed food and ventilation equipment and close house at night. Dilute Concentrate with refined kerosene at the rate of 1 part Concentrate plus 9 parts of refined kerosene. Direct spray upward and apply under room is fitted with insect traps closed for one hour and vented thoroughly prior to reentry.

SPACE SPRAY (UNDUTED) For Ordinary Mechanical Flogging Equipment to Kill Flies, Mosquitoes, Small Flying Moths and Gnats. Prepare for application as above. Dilute Concentrate with refined kerosene at the rate of 1 part Concentrate plus 9 parts of refined kerosene and mix well. Apply at the rate of 50 fl. oz. of diluted spray (4 gal. per 25,000 cu. ft. of space) above animals. Directing upward toward upper corners of room and ceiling. Ventilate room and leave closed for one hour.

STORAGE AND DISPOSAL

Storage: Store in a cool, dry place. Keep container closed. Pesticide Disposal: Pesticide containers that cannot be reused or chemically processed should be disposed of in a manner approved for pesticides or buried in a safe place away from water supplies. Do not contaminate water, food or feed by storage or disposal. Container Disposal: a. Containers of 5 gal. or more - return container and offer for recycling, or b. A container that cannot be recycled, and offer for recycling, reconditioning or disposal in approved manner. Do not burn or use for any other purpose. General: Clean up spills as soon as possible. Follow all instructions for approved alternative procedures.
