

**PRECAUTIONARY STATEMENTS
Hazardous to Humans and Domestic Animals
CAUTION**

Harmful if swallowed. Avoid breathing vapors or spray mist. Wear a pesticide respirator jointly approved by the Mining Enforcement and Safety Administration and the National Institute for Occupational Safety and Health under the provisions of 30 CFR Part 11. Contains pyrethrum extract. If swallowed, do not induce vomiting. Get immediate medical attention. Avoid contact with skin and eyes. In case of contact, immediately flush eyes or skin with plenty of water. Observe medical attention if irritative persists.

Do not apply directly to food. Do not apply to any food processing or handling area. Cover or remove all food processing surfaces. Thoroughly wash all food processing surfaces before re-use. After spraying in meat packing plants, bakeries and the food processing plants, wash with potable water all equipment, benches, shelving, etc., where exposed food will be handled. In case washing is impractical, do not allow food to come in contact with treated surfaces for at least 48 hours. Food processing operations do not have to be stopped while applying a wet spray with care and in accordance with the directions and cautions given above.

When using in animal housing areas, do not spray directly to food, water or feed supplements. Do not spray directly to animals. Wash hands of spray operator before eating.

Remove pets, birds and cover fish aquariums before spraying.

PHYSICAL HAZARDS

Do not store near heat or open flame

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with labeling.

Caution: This product is designed for use undiluted in mechanical sprayers which produce particles of aerosol size, such as the LEED or MICRO-GEN.

NOTE: When used in hospitals, patients should be removed prior to treatment, remain out for two hours after treatment. Do not return patients to rooms until after ventilation.

For Use in Homes, Restaurants, Food Processing Plants and Other Industrial Areas:

SPACE SPRAY UNDILUTED: To Kill Houseflies, Mosquitoes, Gnats and Small Flying Moths. Close room and shut off all air conditioning or ventilating equipment. Using a cord fog generator, apply at the rate of one-half (1/2) ounce per 1,000 cu. ft. of space. Direct output from aerosol generator upwards toward upper corners of room and ceiling. Leave room closed for one-half hour. Ventilate room thoroughly before re-entry. Repeat as necessary.

SPACE SPRAY: Diluted for Ordinary Mechanical Fogging Equipment to Kill Flies, Mosquitoes, Small Flying Moths and Gnats. Cover or remove exposed food and food handling surfaces. Close room and shut off all air conditioning or ventilating equipment. Dilute Concentrate with oil at the rate of 1 part Concentrate plus 3 parts of oil and mix well. Apply at the rate of 50 fl. oz. of diluted spray per 1,000 cu. ft. of space. Direct fog upward towards upper corners of room and ceiling area. Leave room closed for 1 hour. Do not remain in treated area. Ventilate room thoroughly before re-entry.

SUNBUGGER 100 PYRETHEUM

For use in household and food processing plants, restaurants, industrial buildings, schools, warehouses, offices, theatres, garages, hotels, motels, hospitals and kennels.

ACTIVE INGREDIENTS:

Pyrethrins	1.00%
*Piperonyl butoxide, technical	2.00%
**N-octyl bicycloheptene dicarboximide	3.34%
Petroleum distillate	93.66%
	100.00%

* Equivalent to 1.6% (butylcarbitol)(6-propylpiperonyl) ether and .4% related compounds.

** MGK-264, Insecticide Synergist

CAUTION

KEEP OUT OF REACH OF CHILDREN

CONTACT SPRAY: Undiluted to Kill Cockroaches, Fleas, Lice, Bedbugs, Sandflies, Gnats, Mosquitoes, Small Flying Moths, Thrips, Carpet Beetles and Ticks. Wash Lint. Close room and shut off all air conditioning or ventilating equipment. Using a cord fog generator, direct discharge into area suspected of harboring these pests. Special attention should be paid to cracks, floor surfaces under desks, behind doors and underneath, and wherever these pests are suspected of hiding. Spray until treated surface is wet. - 1/2 oz. (1/2) ounce room closed for one-half hour. Ventilate room thoroughly before re-entry. Repeat as necessary.

CONTACT SPRAY: Diluted for Use with Sprayers that Give Large Volume Spray Patterns to Kill Cockroaches and Accessible Stages of Grocery Insects: Grocery Weevils, Rice Weevils, Confined Flour Beetles, Rusty Grain Beetles, Red Flour Beetles, Indian Meal Moths Larvae and Adults, Cigarette Beetles and Sawtoothed Grain Beetles. Cover or remove exposed food and close room as described above. Dilute Concentrate with oil at the rate of 1 part Concentrate plus 3 parts of oil and mix well. Spray outside walls of grain bins, flooring, about base of milling machinery, walls and baseboards, areas behind cabinets, around pipes and other woodwork throughout using 1 gal. of spray per 1,000 sq. ft. of surface. Force spray into all cracks and crevices. Repeat applications as necessary.

FOR USE IN DAIRY AND BEEF BARS, SWINE HOUSING: SPACE SPRAY: Diluted for Use in Animal Quarantines to Kill Flies, Mosquitoes, Gnats, Small Flying Moths and Exposed Cockroaches. Cover or remove exposed food and watering troughs and close house as tightly as possible. Dilute Concentrate with refined kerosene at the rate of 1 part Concentrate plus 3 parts of oil and mix well. Direct spray upward and apply until room is filled with mist. Keep closed for 1/2 hour and ventilate thoroughly prior to re-entry.

SPACE SPRAY: Diluted for Ordinary Mechanical Fogging Equipment to Kill Flies, Mosquitoes, Small Flying Moths and Gnats. Prepare for application as above. Dilute Concentrate with refined kerosene at the rate of 1 part Concentrate plus 3 parts of refined kerosene and mix well. Apply at the rate of 50 fl. oz. of diluted spray (8.4 gal.) per 25,000 cu. ft. of space above animals. Direct fog upward toward upper corners of room and ceiling. Ventilate room and leave closed for 1/2 hour.

STORAGE & DISPOSAL

Store in a cool dry place. Keep container closed.

STORAGE - Do not contaminate water, food or feed by storage or disposal.

PESTICIDE DISPOSAL - Waste resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL - Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.

Buyer assumes all risks of use, storage or handling of this product not in strict accordance with the directions given herewith.
