DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Do not apply this product in such a manner as to directly or through drift expose workers or other persons. The area being treated must be vacated by unprotected persons. Do not enter the treated areas without protective clothing until sprays have dried.

Mosquitoes, House flies, Gnats, Small Flying Moths (Millers): Close all doors and windows. Direct the spray to all parts of the room. Fill the room with mist then leave the treated area. Keep room closed for at least 15-30 minutes. Ventilate the room when treatment is completed.

Wasps: Application should be made in late evening when insects are at rest. Spray liberally into hiding and breeding places, contacting as many insects as possible. Repeat as necessary.

Ants: Spray trails, nests and points of entry. Spray on ants where possible. Repeat as necessary.

Cockroaches, Waterbugs, Earwigs, Grain Mites, Sowbugs, Spiders and Centipedes: Spray thoroughly into hiding places, such as cracks, crevices, moist areas, openings around pipes and sinks, under refrigerators, baseboards and storage areas. Spray directly on insects where possible. Repeat as necessary.

To Kill Grain insects: Angoumois Grain moths, Cadellies, Confused Flour Beetles, Indian Meal Moths, Mediterranean Flour Moths, Rice Weevils, Sawtoothed Grain Beetles, Yellow Mealworms, Cheese Mites, Cheese Skippers, Cigarette Beetles, Grain Mites, Granary Weevils, Dark Mealworms and Red Flour Beetles. Remove infested grain, cereal or flour and destroy. Avoid contamination of other food and foodstuffs in the area by removing before spraying. Apply as a coarse, wet spray directly on exposed stages of the listed grain pests and into cracks and crevices where they may be hiding.

Buyers assumes all risks of use, storage or handling of this material not in strict accordance with directions given herewith.
