AUG 22 1988

Mr. Harold B. Igdaloff
Sungro Chemicals, Inc.
810 East 18th Street
Los Angeles, CA 90021

Dear Mr. Igdaloff:

Subject: Amendment - Formula Change (Source)/Finished Labeling
Power Residual Spray
EPA Registration No. 11474-72
Your Application Dated August 27, 1987

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable provided that you make the labeling changes listed below before you release the product for shipment bearing the amended labeling.

1. Change the "Note to Physician" to:

Note to Physician: Solvent may present aspiration hazard. Gastric lavage may be indicated if product was taken internally. Diazinon is an organophosphate insecticide. If symptoms of cholinesterase inhibition are present, atropine sulfate by injection is antidotal. 2-PAM is also antidotal and may be administered, but only in conjunction with atropine.

2. Under the Environmental Hazards statement, change ". . . by cleaning of equipment or disposal of wastes" to ". . . by cleaning of equipment washwaters."

3. In the middle column on the back panel "Nonfood/feed Areas" is repeated, and "canning and bottling" are misspelled in the same paragraph.

**Precautionary Statements
Hazards to Humans and Domestic Animals
CAUTION**

Harmful if swallowed, inhaled or absorbed through skin. Avoid breathing vapor or spray mist. Avoid contact with eyes, skin and clothing. Wash thoroughly after handling. Remove and wash contaminated clothing before reuse. Keep children and pets off treated areas until all areas are dry. Animal studies have indicated this product to be contact allergenic. Hypersensitive individuals should avoid overexposure.

Statement of Practical Treatment:
If Swallowed, Call a physician or Poison Control Center immediately. Give milk or water. Do not induce vomiting unless so other treatment is available, and then preferably under medical supervision. If it is necessary to induce vomiting, give victim one or two glasses of water and insert finger in the back of throat. Repeat until vomiting fluid is clear. Do not induce vomiting or give anything by mouth to an unconscious person.

If inhaled, remove victim to fresh air and apply artificial respiration if indicated.

If on skin, wash promptly with soap and water. Wash thoroughly.

If in eyes, rinse eyes with plenty of water. Get medical attention if irritation develops or persists.

Note to Physician: (This product contains a cholinesterase inhibitor. Atropine sulfate and 2-PAM are antidotal. If signs of cholinesterase inhibition are present. Gastric lavage is indicated.)

Environmental Hazards

This product is toxic to fish, birds and other wildlife. (Do not contaminate water by cleaning of equipment or disposal of wastes.) Apply this product as specified on this label.

Physical or Chemical Hazards

Do not use or store near heat or open flame.

ACCEPTED
AUG 22
Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, this pesticide is registered under EPA Reg. No. 11474

Directions for use

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

Cockroaches (Waterbugs), Ants, Silverfish: Make spot application of POWER RESIDUAL SPRAY as a coarse spray or apply with a paintbrush to baseboards, around water pipes, cracks and crevices, surfaces behind and beneath cabinets, refrigerators, sinks, stove and similar areas where these insects hide. Spray until wet. Repeat application as necessary to maintain control.

Carpet beetles: Apply POWER RESIDUAL SPRAY as a spray in spot applications along baseboards and edges of carpeting, under carpeting and rugs and furniture, in closets and on shelving, and wherever these insects are seen or suspected. Avoid excessive wetting of carpets.

Spiders and Scorpions: Apply POWER RESIDUAL SPRAY as a spray around windows, doors, and along baseboards. Make spot applications to other areas over which these pests may crawl.

Pantry Pests - Exposed Stages (Sawtoothed grain beetle, flour beetle, rice weevil, cigarette beetle, drugstore beetle, Indian meal moth): Apply POWER RESIDUAL SPRAY as a spray to shelves and cupboards where food is suspected of being infested are stored. Remove food and shelving paper before spraying. Do not return food packages until spray has dried. Cover shelves with shelving paper. This treatment is supplemental to good housekeeping, since it will have no effect on insects breeding within food packages. Infested food packages should be destroyed.

Brown Dog ticks, fleas: Make thorough application of POWER RESIDUAL SPRAY to infested areas around baseboards, window and door frames, wall cracks, sleeping quarters of household pets, and localized areas of floors and floor coverings. Fresh bedding should be placed in animal quarters following treatment. Do not treat animals with this product. Repeat as necessary. Avoid excessive wetting of floor coverings, rugs or unfinished material as damage may occur. Do not apply directly to upholstery. Do not use as an overall space spray. *Controls adult fleas on areas treated.

Food and Feed Handling Establishments (including places other than private residences in which exposed food or feed is held, processed, prepared or served.) Apply POWER RESIDUAL SPRAY as a spray either a crack and crevice or spot treatment as directed below. Do not apply to areas, surfaces, or utensils which will come in contact with food. *Take extreme care to avoid contamination of food or food contact surfaces or introducing the material into the air.

FOOD/FEED AREAS: Apply POWER RESIDUAL SPRAY as a spray either a crack and crevice or spot treatment as directed below. Do not apply to areas, surfaces, or utensils which will come in contact with food. *Take extreme care to avoid contamination of food or food contact surfaces or introducing the material into the air.

Nonfood/feed Areas: Nonfood/feed areas include garbage rooms, lavatories, floor drains (to sewers), entries and vestibules, offices, locker rooms, machine rooms, boiler rooms, garages, mop closets and storage (after canning or bottling).

Application: Apply POWER RESIDUAL SPRAY as a spray either a crack and crevice or spot treatment as directed below. Do not apply to areas, surfaces, or utensils which will come in contact with food. *Take extreme care to avoid contamination of food or food contact surfaces or introducing the material into the air.

Spot Treatment: Apply POWER RESIDUAL SPRAY as a spray either a crack and crevice or spot treatment as directed below. Do not apply to areas, surfaces, or utensils which will come in contact with food. *Take extreme care to avoid contamination of food or food contact surfaces or introducing the material into the air.

In non-food/feed areas, apply POWER RESIDUAL SPRAY as a spot treatment using a coarse, low pressure spray for spray to baseboard areas, around water pipes, surfaces behind and beneath sinks, lockers, tables, pallets, and similar areas where insects hide or through which they may enter.

House Foundation Treatment: POWER RESIDUAL SPRAY will control ants, boxelder beetles, brown dog ticks, chiggers, clover mites, cockroaches, crickets, earwigs, fleas, flies, millipedes, sowbugs, spiders and silverfish (spring tails) which are commonly found near the house and may enter the house. Apply as a spot treatment to house foundation walls, around doors and windows and to other areas of the house exterior where these pests are likely to enter. Repeat application as necessary. Do not spray desirable plants or shrubbery because injury may occur.

STORAGE AND DISPOSAL

Keep in freezing. Store above 32 deg. F. Do not contaminate water food or feed by storage or disposal.

WASHING: Wash hands thoroughly before reuse empty container. Rinse thoroughly before use. Securely wrap original container in layers of newspaper and discard in trash.

WASTE DISPOSAL: Waste resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or if allowed by state and local authorities, by burning. If burned, stay out of smoke.
