**POWER
RESIDUAL
SPRAY
INSECTICIDE**For use in and around the home and in
food and nonfood areas of food and feed handling establishments.For Control of Cockroaches, Ants, Silverfish, Brown Dog Ticks,
Fleas, Pantry and other Household Pests listed on side panel of
label.

Ready-to-Use Microemulsion Formula

Active Ingredients	By wt.
Diazinon: O,O-dimethyl O-(2-isopropyl-6-methyl-4-pyrimidinyl)Phosphorothioate	1.0%
Inert Ingredients	99.0%

Contains D-2-a Diazinon
D-2-a trademark of CIBA-GEIGY for Diazinon
See direction for use on panel at right.

**KEEP OUT OF REACH OF CHILDREN
CAUTION**

See additional precautionary statements on back panel.

DIRECTIONS FOR USE AND CONDITION OF SALE AND WARRANTY**IMPORTANT:** Read the entire Direction for use and the conditions of Sale and warranty before using this product.**Conditions of Sale and Warranty**

The direction for use of this product reflects the opinion of experts based on field use and tests. The directions are believed to be reliable and should be followed carefully. However, it is impossible to eliminate all risks inherently associated with use of this product. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or the manner of use or application all of which are beyond the control of SELLER. All such risks shall be assumed by the Buyer.

The SELLER warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes referred to in the Direction for Use subject to the inherent risks referred above. The SELLER makes no other express or implied warranty of fitness or merchantability or any other expressed or implied warranty. In no case shall the SELLER be liable for consequential, special, or indirect damages resulting from the use or handling of this product.

The SELLER offers this product and Buyer and user accept it, subject to the foregoing Conditions of Sale and Warranty, which may be varied only by agreement in writing signed by a duly authorized representative of the SELLER.

**Precautionary Statements
Hazards to Humans and Domestic Animals
CAUTION**

Harmful if swallowed, inhaled or absorbed through skin. Avoid breathing spray vapor or mist. Avoid contact with eyes, skin and clothing. Wash thoroughly after handling and before eating or smoking. Remove and wash contaminated clothing before reuse. Keep children and pets off treated areas until the areas are dry. Animal studies have indicated this product to be contact allergenic. Hypersensitive individuals should avoid overexposure.

Statement of Practical Treatment

If Swallowed: Call a physician or Poison Control Center immediately. Give milk or water. Do not induce vomiting unless so other treatment is available, and then preferably under medical supervision. If it is necessary to induce vomiting, give victim one or two glasses of water and insert finger in the back of throat. Repeat until vomiting is clear. Do not induce vomiting or give anything by mouth to an unconscious person. If Inhaled: remove victim to fresh air and apply artificial respiration as indicated. If on Skin: wash promptly with soap and water. Rinse thoroughly. If in Eyes: rinse eyes with plenty of water. Get medical attention if irritation develops or persists.

Note to Physician: Solvent may present aspiration hazard. Gastric lavage may be indicated if product was taken internally. Diazinon is an organophosphatic insecticide. If symptoms of cholinesterase inhibition are present, atropine sulfate by injection is antidotal. 2-PAM is also antidotal and may be administered, but only in conjunction with atropine.

Environmental Hazards

This product is toxic to fish, birds and other wildlife. Do not contaminate water by leakage of equipment washwaters. Apply this product only as specified on this label.

General Information

Power Residual Spray is a ready-to-use microemulsion product containing diazinon. There is no need for further dilution. It is intended for use in buildings, offices, restaurant, households and other similar areas and outdoors as a spot treatment to house foundation ants and around windows and doors for the control of those pests specified on this label.

Precautions: (1) Care should be taken to avoid getting walls, or wall covering and fabrics. (2) When used in dwellings, care should be taken to avoid deposits which could be frequently contacted by children. (3) Remove or cover fish bowls and remove pets before spraying. (4) Do not allow children or pets in treated areas until surfaces are dry. (5) Do not use as a space spray. (6) Do not spray on pets or plants. (7) Do not contaminate food, food containers, or cooking utensils. (8) Avoid excessive application to carpets. (9) DO NOT use this product in conduits, motor housing, or electrical switch boxes.

Directions for use

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

Cockroaches (Waterbug), Ants, Silverfish: Make spot application to baseboards, areas around water pipes, cracks and crevices, surfaces behind and beneath cabinets, refrigerators, sinks, stoves, and similar areas where these insects hide. Spray areas until wet. Repeat application as necessary to maintain control.

Carpet beetles: Apply POWER RESIDUAL SPRAY as a spray in spot applications along baseboards and edges of carpeting, under carpeting and rugs and furniture, in closets and on shelving, and wherever these insects are seen or suspected. Avoid excessive wetting of carpets.

Spiders and Scorpions: Apply POWER RESIDUAL SPRAY as a spray around windows, doors, and along baseboards. Make spot applications to other areas over which these pests may crawl.

Pantry pests: Exposed stages (Sawtoothed grain beetle, flour beetle, rice weevil, cigarette beetle, drugstore beetle, Indian meal moth): Apply POWER RESIDUAL SPRAY as a spray to shelves and cupboards where food containers suspected of being infested are stored. Remove all food and shelving paper before spraying. Do not replace the food packages until spray has dried. Cover shelves with shelving paper. This treatment is supplemental to good housekeeping, since it will have no effect on insects breeding within food packages. Infested food packages should be destroyed.

Brown Dog Ticks, Fleas: Make thorough application of POWER RESIDUAL SPRAY to infested areas around baseboards, window and door frames, wall cracks, sleeping quarters of household pets, and localized areas of floors and floor covering. Fresh bedding should be placed in animal quarters following treatment.

Do not treat animals with this product. Repeat as necessary. Avoid excessive wetting of floor coverings, rugs or unfinished material as damage may occur. Do not apply directly to upholstery. Do not use as an overall space spray.

*Controls adult fleas on areas treated.
Food and Feed Handling Establishments (excluding places other than private residences in which exposed food or feed is held, processed, prepared or served.)

Apply POWER RESIDUAL SPRAY as a spray either a crack and crevice or spot treatment as directed below. Do not apply to walls, ceilings, or utensils which will come in contact with food. Take extreme care to avoid contamination of food or food contact surfaces or introducing the material into the air.

FOOD/FEED AND NONFOOD/FEED AREAS-FOOD/FEED AREAS (Application limited to Crack and Crevice and Spot Treatments Only) Food/Feed areas include areas for receiving, storage, packing (cleaning, bottling, wrapping, boxing), preparing, edible waste storage, and enclosed processing systems (Mills, Dairies, edible oils, syrups) Serving areas (where food is exposed and facility is in operation are considered a food area) and includes facilities where prepared foods are served, such as dining rooms, but excluding areas where foods may be prepared or held.

Crack and Crevice Treatment: As a crack and crevice treatment, use equipment capable of delivering a jet stream of insecticide and apply POWER RESIDUAL SPRAY in small amounts directly into such surfaces as expansion joints, in points between different elements of construction, between equipment and floors, wall boards, baseboards or opening leading to voids and hollow spaces in walls, hollow equipment legs and bases where cockroaches (waterbugs), ants, spiders, and silverfish hide.

Spot Treatment: AS a spot treatment, apply POWER RESIDUAL SPRAY as a coarse low pressure fan spray to selective floor surfaces, areas around water pipes, beneath cabinets, refrigerators, sinks, stoves, storage areas, baseboards, under elements of constructions and similar areas where cockroaches, ants, spiders, and silverfish hide.

Limit spot treatment to floor surfaces where pests have been seen or where they are suspected of hiding. Limit spot treatments to an area no larger than 20 percent of floor surface. Any individual spot treatment shall not exceed two square feet. Avoid treating surfaces likely to be contacted by food. (Do not apply when facility is in operation or foods are exposed).

These treatment also aid in the control of pantry pests (exposed stages of saw toothed grain beetle, flour beetle, rice weevil, cigarette beetle, drugstore beetle and Indian meal moth) which come into contact with treated surfaces. DO NOT use this product in conduits, motor housing and electrical switch boxes. Repeat applications as necessary. Applications of the product in the food/feed areas of food or feed handling establishments other than crack and crevice and spot treatment are not permitted.

Nonfood/Feed Areas: Nonfood/feed areas include garbage rooms, lavatories, floor drains (to sewers), entries and vestibules, offices, locker rooms, machine rooms, boiler rooms, garages, mop closets and storage (after cleaning or bottling).

In non food areas, apply POWER RESIDUAL SPRAY as a spot treatment to baseboard areas, around water pipes, surfaces behind and beneath sinks, lockers, tables, pallets, and similar areas where insects hide or through which they may enter.

House Foundation Treatment: POWER RESIDUAL SPRAY will control ants, boulder bug, brown dog ticks, chiggers, clover mites, cockroaches, crickets, earwigs, fleas, flies, millipedes, sowbugs, spiders and centipedes (spring) which are commonly found near the house and may enter the house. Apply as a spot treatment to house foundation walls, around doors and windows and to other areas of the house exterior where these pests are likely to enter. Repeat application as necessary. Do not spray desirable plants or shrubbery because injury may occur.

STORAGE AND DISPOSAL

Keep from freezing. Store above 32 deg. F.

Do not Contaminate water food or feed by storage or disposal.
ONE GALLON OR UNDER: Do not reuse empty container. Rinse thoroughly before discarding in trash. Securely wrap original container in several layers of newspaper and discard in trash.

OVER ONE GALLON: Pesticide Disposal: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility. Container Disposal: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or if allowed by state and local authorities, by burning. If burned, stay out of smoke.
