

**PRECAUTIONARY STATEMENTS
HAZARDOUS TO HUMANS AND DOMESTIC ANIMALS
CAUTION**

KILLER is a mild irritant to the skin. It is easily removed by flushing with water. Harmful if absorbed through skin. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling.

ENVIRONMENTAL HAZARDS

Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate waters used for domestic consumption or by animals/wildlife and aquatic life or for irrigation purposes.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Not for use on plants being grown for sale or other commercial use, or for research purposes. For use on plants intended for aesthetic purposes or climatic modification and being grown in interior plantscapes, ornamental gardens or parks, or on golf courses or lawns or grounds.

To kill weeds in all types of ice plant, mix this product with an equal part of water when temperatures are above 65 degrees. If soil is very wet or the temperature is below 65 degrees, mix with one-half part water. Mix or stir lightly. Apply with a pressure sprayer. This product contains a wetting agent for better coverage. Do not apply any water within 4 days. If rain or irrigation occurs within 4 days, repeat treatment. Tall, hard grasses may require several treatments. One gallon of this material when mixed with an equal amount of water will treat from 300 to 1000 square feet of ice plant, depending on size and amount of weeds.
