NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an endorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(B) since you agreed to:

1). Submit and/or cite all data or other material required for registration/reregistration of your product under FIFRA section 3(c)(5) or FIFRA section 4 when the Agency requires all registrants of similar products to submit such data.

2). Make the labeling changes listed below before you release the product for shipment:

- a). Add the phrase, "EPA Registration No. 11474-85" to the labeling before you release the product for shipment,
- b). Delete "EPA Reg. No. 1021-1552-11474" from the label.
- c). Specify container size and update the label storage and pesticide and container disposal statement in accordance with the container size and PR Notice 84-1.
- e). Revise the environmental hazards statement to read as follows:

This product is toxic to fish and other aquatic organisms. Do not apply directly to any body of water. Do not contaminate water when disposing of equipment washwaters.
