Our recommendations for use of this product are based upon tests believed to be reliable. The use of this product being beyond the control of the manufacturer, no warranty, expressed or implied, is made as to the effects of such or the result to be obtained if not used in accordance with directions or established safe practice. The buyer must assume all responsibility, including injury or damage, resulting from its misuse as such, or in combination with other materials.

AQUATOX ALGAEICIDE FOR SWIMMING POOLS

GENERAL INFORMATION

AQUATOX algaecide provides effective control of algae growth in all types of swimming pools. Even though it affords long term algae control, periodic additions on a scheduled basis will assure lasting algae control. Treated water may be used immediately after addition of AQUATOX. AQUATOX is designed to prevent the growth of swimming pool algae. For heavy algal infestations, more drastic treatment such as super-chlorination may be required to eradicate the algae.

SPECIFIC INSTRUCTIONS

Dilute AQUATOX with at least nine parts of water and sprinkle around edge of pool or pour directly into skimmer intake to pool filter. Add additional amounts of AQUATOX every two weeks according to directions on the label.

For best results begin pool maintenance with AQUATOX WHEN the pool is first filled with water. Add AQUATOX according to the size of pool as given in the chart below.

DILUTION CHART FOR SWIMMING POOLS		
Swimming Pool Capacity Gal. of Water	Initial Treatment AQUATOX	Treatment Once Every Two Weeks AQUATOX
5,000	5 Ounces	2.5 Ounces
10,000	10 Ounces	5 Ounces
20,000	20 Ounces	10 Ounces
30,000	30 Ounces	15 Ounces
40,000	40 Ounces	20 Ounces
50,000	50 Ounces	25 Ounces

CAUTION: AQUATOX may be irritating to the skin, avoid contact with skin, eyes, and clothing. In case of contact, wash thoroughly and in case of eye irritation or if swallowed, contact a doctor.

This product is toxic for fish. Treated effluent should not be discharged where it will drain into lakes, streams, ponds, or public water. Apply this product only as directed on this label.

DO NOT REUSE CONTAINER. DESTROY WHEN EMPTY.
