AVAILABLE PHOSPHORIC ACID (P₂O₅) 6.0%
SOLUBLE POTASH (K₂O) 4.0%

Potential Acidity 650 lbs. Calcium Carbonate per ton.

FEEDS LAWNS - KILLS WEEDS

AYR-WAY Lawn Food with Weed Killers is a lightweight lawn food that contains two highly effective weed killers, 2,4-D and 2,4,5-TP (Silver). This product kills Broadleaf, Chickweed and similar type weeds and stimulates the growth of desirable grasses at the same time.

BROADLEAF WEEDS CONTROLLED: Dandelion, Plantain, Burdock, Ragweed, Pig Weed, Ground Ivy, Sow Thistle, Burdock and others.

CHICKWEED AND SIMILAR WEEDS CONTROLLED: Common Chickweed, Mouse Ear Chickweed, Henbit, Knotweed, White Clover, Little Leaf Clover, Bur Clover, Spotted Surge, and others.

DIRECTIONS FOR USE

WHEN TO USE ON BROADLEAF WEEDS: For best results apply in the spring or early summer when weeds are young and actively growing. Late summer or early fall applications are also recommended to control weeds that have developed from seeds during the summer.

WHEN TO USE ON CHICKWEED: Apply whenever the temperature is above freezing. A repeat application may be necessary.

FOR BEST RESULTS APPLY WHEN GRASS IS DAMP FROM DEW, RAIN OR WATERING

HOW TO APPLY: The contents of this bag covers 5000 square feet. Apply evenly at the rate of 4 lbs. per 1000 square feet (for example 1" x 100' = 1000 sq. ft.) See chart below for proper spreader setting. Do not mow grass for two days before and after application. Do not use on newly seeded lawns. Application should be delayed until several mowings have been made. Reseeding should be delayed 14 days after application.

CAUTION

Keep out of reach of children. Avoid contact with skin, eyes, and clothing. Wash hands thoroughly after using. Do not contaminate feed and foodstuffs.

This product will damage St. Augustine grass, bentgrass, clovers and may injure susceptible plants. Vapors from this product may injure susceptible plants in the immediate vicinity. Do not allow dust to come in contact with valuable shrubs, flowers, vegetables or other desirable plants. Do not store near seed, fertilizers, insecticides or fungicides.

Do not reuse container. Destroy by burying in a safe place. Do not burn.
