

SHALCO

DIRECTIONS:

For general vegetation control along fences, buildings and railroad tracks, apply at the rate of 1# to 3# per 100 sq. ft.

Although this may be applied anytime during active vegetation growth. BEST time to apply is in early spring, when vegetation begins active growth. Sufficient moisture (either by sprinkling or natural rainfall) is necessary to carry material into root zone of the vegetation to be controlled. Once area is under control, lighter applications annually (1/2# to 1# per 100 sq. ft.) will keep area free of vegetation. Do not apply when ground is frozen.

Seller makes no warranty, expressed or implied, concerning the use of this product other than indicated on the label. Buyer assumes all risk of use and/or handling of this material when such use and/or handling is contrary to label instructions.

Apply this product only as specified on this label.

WEED AND VEGETATION KILLER

ACTIVE INGREDIENTS:

Bromacil (5-bromo-3-sec-butyl-6-methyluracil) 1.0%

INERT INGREDIENTS: 99.0
100.0%

CAUTION: May cause irritation to skin and eyes. Avoid contact with skin, eyes and clothing. Avoid breathing dust. May irritate nose and throat. In case of contact, wash skin with soap and water, or flood eyes with large amounts of water for 15 minutes, and get medical attention. Contaminated clothing should be washed before re-use. Do not take internally.

CAUTION: KEEP OUT OF REACH OF CHILDREN
SEE SIDE PANEL FOR ADDITIONAL CAUTIONS

Sold By

SHALCO CHEMICAL CORP.

P.O. BOX 2503 - 2421 LEXINGTON AVE.
TOLEDO, OHIO 43606

CAUTION:

This material is a semi-soil sterilant, and kills all types of vegetation. Do not apply near any area where desirable trees, shrubs and grass may be growing. Do not apply on lawns, walks, driveways or similar areas. This is not a selective weed-killer; it is a product to control undesirable vegetation growth along factory buildings, fences, railway tracks and power enclosures. Thoroughly clean spreading equipment after use.

Do not store this material near fertilizers, seeds, insecticides or fungicides. Do not store near feed or feedstuffs. Avoid contamination of waters intended for irrigation or domestic purposes. Do not use on any area where grass and trees are to be grown. Do not apply to areas where roots of desired vegetation may extend.

Do not reuse container. Destroy when empty. Avoid drift to desirable plants.

Do not contaminate water by cleaning of equipment, or disposal of wastes.
