

CAUTION

Keep out of hands and eyes.

Avoid contact with skin, eyes or clothing.

After use, wash hands and other parts of body contaminated with concentrate, spray or washings.

DO NOT apply when wind is blowing and DO NOT allow spray to drift to any other plants such as flowers, shrubs or vegetables as **MOD-RID PLUS 2,4-D** is a plant killer. Coarse sprays are less likely to drift.

DO NOT use on new grass seedlings until they have developed to stage of first mowing.

DO NOT use grass clippings from first mowing after treatment as a mulch for flowers or shrubs.

DO NOT contaminate domestic waters.

DO NOT apply during period of drought without first watering thoroughly.

DO NOT apply when temperatures are extremely high. Grass may become discolored or injured if this product is applied in ~~very hot~~ weather (over 90°F.).

DO NOT contaminate irrigation ditches, lakes, ponds or streams with concentrated solution, spray or spray washings.

DO NOT use spray equipment for other purposes unless cleaned with suitable chemical cleaner.

STORE in tightly closed containers, away from fertilizers, insecticides, fungicides, seeds, plants and water supplies.

PROTECT from freezing.

READ FOLLOWING CAREFULLY BEFORE APPLICATION!

DIRECTIONS FOR USE: For use on bluegrass, fescue, Bermudagrass and bentgrass in fairways. Do not use this product on golf greens or tees. Weeds affected are as follows:

Dandelions	Knotweed
Clover	Black medic
Common Chickweed	English Daisy
Mouse-ear Chickweed	Dock
Plantain	Purslane
Pigweed	Wood
Ragweed	Mallow
	Lambquarters

APPLICATION RATE: For established turf use 1-1/2 fluid oz. in 1 to 2 gallons of water per 1000 square feet or 4 pints in 30 to 40 gallons per acre.

WHEN TO APPLY MOD-RID PLUS 2,4-D:

Apply anytime weeds are young and actively growing. It is important that application be made when there is plenty of soil moisture following a good rain or thorough watering. Do not water for at least 24 hours after application. If rain occurs within this period, effectiveness may be reduced, but wait at least a week to determine whether another application is necessary.

HOW TO APPLY: Use equipment which applies product uniformly. A boom type sprayer is recommended.

MOWING: Since action is through leaves, to provide adequate leaf area for best absorption of chemical, avoid cutting or mowing turf for 1 to 2 days before or after spraying.

RESPONSE: Full effects of application may not be visible for about three weeks.

DO NOT REUSE EMPTY DRUM
