

WARNING

do not breathe spray mist. Wear respirator when spraying. This product is toxic to fish. Keep out of any body of water. Apply this product only as specified on this label.

External: May be fatal if swallowed. Do not get in your eyes or on skin. Wash thoroughly after handling. Keep children and animals off treated areas until washed into soil. If spilled on skin wash off immediately with large volumes of water. Wash contaminated clothing.

Antidote: If swallowed, give raw white of egg. Induce vomiting with a mixture of salt, soap or mustard in warm water. Give a teaspoon of salt in a glass of warm water and repeat until most fluid is clear. Then give two tablespoonsful of Epsom salts or Milk of Magnesia in water and plenty of milk or water. Call a physician immediately.

WARNING: Do not reuse empty container. Destroy it by perforating or crushing. Bury or discard in a safe place.

UNDER NO. 11515-14

CURMITE

LIQUID TURF FUNGICIDE

FOR CONTROL OF
DOLLAR SPOT AND COPPER SPOT

Active Ingredients: 20.1%
Cadmium Chloride 20.1%
Inert Ingredients: 79.9%
Total Cadmium (Cd) 12.3%

POISON Do not get in eyes or on skin
DANGER KEEP OUT OF REACH OF CHILDREN
See Left Panel for Antidote Statement and
Additional Cautions.

This product is acceptable for use on non pastured bluegrass, bent grass, fescues, and zoysia.

DIRECTIONS

For prevention and control, apply 1 ounce of CURMITE to each 1000 square feet with sufficient water to treat area. Repeat at 10-day intervals during the entire turf disease season. The amount of water is not critical as long as sufficient water is used to assure uniform coverage.

Clean sprayer thoroughly with water after spraying with CURMITE.

NOTICE:

KEEP FROM FREEZING. If this product is stored in cold or freezing weather it may separate or thicken.

This product is toxic to fish and wildlife. Keep out of any body of water. Do not contaminate water by cleaning of containers or dilution of contents with this product or by other means.
