

**PRECAUTIONS**  
**DO NOT INHALE**  
**DO NOT GET ON SKIN**

May be fatal if swallowed, inhaled or absorbed through skin. Prolonged skin contact will cause severe irritation. Do not get material on skin, eyes or clothing. Repeated contact with skin may increase danger of absorption. Symptoms of injury may be delayed. In case of skin contact, wash immediately with water; remove clothing and wash skin where necessary. For eyes, wash thoroughly with water and get medical attention. Wear face shield, rubber gloves and rubber apron when handling concentrate. Do not breathe spray mist in order to avoid nasal, throat and respiratory tract irritation. When spraying or when contacting sprayed vegetation wet with spray, dew or rain, wear waterproof footwear and clothing. Do not contaminate feed, foodstuffs or drinking water. Do not store or transport with feed or food. Do not apply under conditions involving possible drift to food, forage or other plantings that might be damaged or the crops thereof rendered unfit for sale, use or consumption.

Store at temperatures above 32° F

WASH AND DESTROY CONTAINER WHEN EMPTY. NEVER RE-USE.

# CONTACT

A non-selective contact type, vegetation killer for the control of broadleaf weeds and grasses.

Active Ingredient:	By Wt.
Diquat dibromide [6,7-dihydrodipyrido (1,2-a:2',1'-c) pyrazinediium dibromide]	2.18%
Inert Ingredients: .....	97.82%
	100.00%

Contains 0.1 lbs. Diquat cation per gallon as 0.187 lbs. salt per gallon.

U.S. Pat. No. 2,823,987

EPA Reg. No. 11524-4

Code #82-10200

Net Contents:     gallons

## USAGE

1. General weed control in non-crop areas. Controls broadleaf, weeds, brush, and grasses. Kills most every type of plant life on contact with leaves.
2. General vegetation control.

### NOTE:

This product will kill desirable grasses. Therefore, spray only weeds and grasses desired to be killed.

## DIRECTIONS FOR USE

**NON-CROP OR NON-PLANTED AREAS:** To kill above ground weed growth around buildings and other installations, gardens, walkways, patios, beneath greenhouse benches, fence lines, golf courses, parkways and driveways for control of undesirable broadleaved and grassy weeds — Dilute 1 gallon CONTACT per 10 gallons water (13 ounces per 1 gallon). Apply for full coverage and thorough weed contact. Apply to young weeds since control decreases, as weeds mature. Retreatment may be necessary to control grasses and established weeds. Avoid spray contact with foliage of food crops or ornamental plants.
