

**SPRAY ONLY ON SURFACES
DO NOT USE AS A SPACE SPRAY**

HOW TO USE: ROACH-GO II is ready to use undiluted as it comes from the can, and may be applied with either power-operated or hand sprayers. Apply as a coarse spray to infested surfaces until wet, moving the spray stream rapidly enough to prevent excessive wetting of surfaces and waste of material. Direct spray away from people, plants and pets.

DIRECTIONS

This product should be applied as a coarse (large droplet) spray in spot treatment of localized surface areas only.

Cockroaches, Ants, Silverfish, Spiders, Crickets, and Earwigs: Spray areas where these pests are found or may hide, including dark corners of rooms and closets, cracks, and crevices, along baseboards and door sills and frames, behind and beneath sinks, stoves, refrigerators, and cabinets, and around garbage cans, plumbing and other utility installations. Pests driven out of hiding places should be sprayed directly. Spray ant trails, nest and points of entry.

Brown Dog Ticks: Apply thoroughly as a spot treatment to infested areas such as pet beds and resting quarters, nearby cracks and crevices, along and behind baseboards, window and door frames and localized areas of floor and floor covering where these pests may be present. Fresh bedding should be placed in animal quarters following treatment. Do not spray pets with this product.

Flies and Mosquitoes: Use only on outdoor surfaces. Spray outside surfaces of windows and door frames and other areas where these pests may enter the home. Also spray dark corners and localized resting areas, such as under eaves, porches, partitions, and in garages where these insects may congregate. Flies and mosquitoes coming to rest on treated surfaces will be killed. Repeat treatment when effectiveness diminishes.

NOTE TO PHYSICIAN: Contains petroleum distillate. If gastric lavage is deemed necessary, undertake only after proper placement of a cuffed endotracheal tube. Active ingredients contain a cholinesterase inhibitor. Treat symptomatically. Atropine is an antidote.

USE PRECAUTIONS

Do not allow children or pets to contact treated surfaces until spray has dried.

Do not spray air in rooms or use on plants. Apply as a surface spray only as specified on this label.

Do not allow spray to contact food, feedstuffs or water supplies. Thoroughly wash dishes and food handling utensils if contaminated with this product.

Remove pets and cover fish bowls before spraying.

CAUTION

HARMFUL IF SWALLOWED; COMBUSTIBLE: Avoid contact with eyes, skin, and clothing. Avoid breathing vapors or spray mist. Keep away from food, feedstuffs and domestic water supplies. Do not smoke while using. Wash thoroughly after handling. **DO NOT USE, POUR, SPILL OR STORE NEAR HEAT OR OPEN FLAME.** If swallowed, do not induce vomiting. Call a physician immediately.

ENVIRONMENTAL CAUTION

This product is toxic to fish, birds, and other wildlife. Keep out of lakes, streams, or ponds. Do not apply where runoff is likely to occur. Do not apply when weather conditions favor drift from areas treated. Do not contaminate water by cleaning of equipment, or disposal of wastes. Dispose of excess treated seeds or wastes by burial.

Do not reuse this empty drum. Return to drum conditioner or destroy by perforating or crushing and burying in a safe place away from water supplies.

NOTICE: BUYER ASSUMES ALL RISKS OF USE, STORAGE OR HANDLING OF THIS MATERIAL NOT IN STRICT ACCORDANCE WITH DIRECTIONS GIVEN HERewith.
