DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

For use indoors and outdoors to protect people and animals from bites and stings of flying insects. For use indoors and outdoors to protect people and animals from bites and stings of flying insects. For use indoors and outdoors to protect people and animals from bites and stings of flying insects.

STORAGE AND DISPOSAL

Store in original container in a cool, dry place. Do not use if container is damaged or leaking.

Shake well before use. Remove protective cap. Aim spray stream away from person. Push button to spray.

TO KILL FLYING INSECTS: Houseflies, mosquitoes, gnats, midges, deer flies, stable flies, small house flies, fruit flies, etc. Seal all windows and doors. Point nozzle upward. Direct spray mist toward parts of the room, especially window and other light sources which attract these insects. For the room with most, then leave the treated area. Keep the room closed for at least 15 minutes. Ventilate the room when treatment is completed.

TO KILL WASPS, HORNETS, YELLOW JACKETS, BEES: Apply in a shaded area. Make sure the insect is in the mist. Spray liberally on the insect and the flying path. Repeat as necessary.

TO KILL CRAWLING INSECTS: Fleas, ticks, earwigs, water bugs, cockroaches, etc. Apply directly to the insect. Repeat as necessary.

TO KILL SPIDERS: Spray directly on these pests and use repeated applications to the webbing and all cracks and crevices which harbor spiders.

TO KILL ANTS: Spray doors around window frames and trails and hills.

P/P INSECTICIDE NO. 4

SBP-1362 BIOALLETHRIN AQUEOUS
PRESSURIZED SPRAY
FOR HOUSE AND GARDEN

BEST AVAILABLE COPY

ACTIVE INGREDIENTS:

* (5-Benzyl-3-furyl) methyl 2, 2 dimethyl 3-(2-methylpropenyl) cyclopropanecarboxylate	w/w
Related compounds	0.200%
** d trans Allethrin (allyl homolog of Cinerin II)	0.028%
Related compounds	0.150%
Aromatic petroleum hydrocarbons	0.012%
	0.272%

INERT INGREDIENTS

99.338%

* Cis/trans isomers ratio: max 30% (±) cis and min 70% (±) trans

† U.S. Patent No. 3,465,007

** Bioallethrin

Authorized for use under USDA Meat, Rabbit, Poultry, Shell Egg Grading, and Egg Products Inspection Programs

SHAKE BEFORE USING

KEEP OUT OF REACH OF CHILDREN
