Directions:

Hold can upright about 12 inches from pet. Aim nozzle and press button. Spray evenly by moving can back and forth until tips of hair are moist. To reach the skin of long-haired animals, ruffle hair while spraying. Kills fleas in 5 to 10 minutes. Ticks should be sprayed directly. Ticks die in 1 to 2 days. After 10 minutes, dry animal with towel. Coat may then be brushed or combed if desired. Repeat weekly for best results. Use on bedding and other areas frequented by pet.
