

**AN OUTDOOR LOTION
FOR THREE-WAY PROTECTION**

IVY, OAK, SUMAC POISONING: Painful symptoms of plant poisoning can be prevented or minimized by applying lotion within a few hours before exposure.

INSECT REPELLENT: Lotion provides hours of protection from mosquitoes, gnats, ticks, and chiggers. Apply to socks, pant cuffs and other openings in outer clothing.

SUNSCREEN: Lotion filters out most ultra-violet burning rays of the sun which cause sunburns and blistering. Gentle tanning rays are let through, to aid in developing a healthy outdoors look.

* * * * *

Soothing, pleasantly-scented OUTDOOR LOTION is easy to apply; gives hours of protection. Can also be applied to painful skin areas for immediate cool relief. Provides hours of protection against poison plants, annoying insects and dangerous solar radiation by forming an almost invisible, comfortable-feeling barrier on the skin surface.

ACTIVE INGREDIENTS:

Anhydrous zirconium (IV) oxide	1.60%
N, N-Diethyl-m-toluamide	19.40%
Glyceryl p-aminobenzoate	0.49%
5-chloro-2-(2, 4-dichlorophenoxy) phenol	0.05%

INERT INGREDIENTS 78.46%

WARNING

For external use only. Do not use in the eyes. In case of persisting redness, irritation swelling or pain always consult a physician.
