### DIRECTIONS FOR USE

#### GENERAL CLASSIFICATION

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Remove gross filth and heavy soil deposits. Thoroughly clean surfaces or objects prior to application of product. Avoid use on polished wood, rayon fabrics or acrylic plastics.

To Disinfect: Spray 6 to 10 inches from clean surface until covered with mist. Allow treated surface to air dry for 3-4 seconds or until surface is thoroughly wet. Allow to dry without wiping or allow spray to contact treated surface for a minimum of 10 minutes prior to wiping. Tuberculocidal in 10 minutes.

For Herpes Simplex Type 2: Spray 6 to 10 inches from clean surface until covered with mist. Wipe after 60 seconds for 3-4 seconds or until surface is thoroughly wet. Allow to dry without wiping or allow spray to contact treated surface for a minimum of 10 minutes prior to wiping.

For Mildew: Clean surface, if necessary. Spray surface until thoroughly wet. Repeat weekly.

Product is restricted for use on clean, hard, non-porous surfaces in inedible product processing areas, non-processing areas and/or exterior areas. This product must not result in the direct or indirect contamination of food products. Do not use to mask odors resulting from unsanitary conditions.

**DISINFECTS • VIRUCIDAL\* • FUNGICIDAL • STREPTOCIDAL  
STAPHYLOCIDAL • TUBERCULOCIDAL • PSEUDOMONACIDAL**

Fresh Scent  
Kills Germs, Bacteria and Viruses  
Kills Germs  
Kills Salmonella choleraesuis (Salmonella),  
Staphylococcus aureus (Staph),  
Streptococcus pyogenes (Strep)  
and more!

For the entire house

With all the news about germs and bacteria, just looking clean isn't good enough. Disinfectant Spray "G" kills household germs throughout the entire house plus prevents mold and mildew growth. This advanced formulation doesn't just mask odors, it eliminates them at their source, leaving behind a light fresh scent.

For use on hard non-porous surfaces in home, offices, institutions and food processing plants. Use on counter tops, chairs, desks, work benches, filing cabinets, wastebaskets, bathroom and locker room facilities. Use in patient rooms, emergency rooms, operating rooms and recovery rooms. Effective on dressing carts, laundry chutes and patient care items.

For your entire household. For use on hard, non-porous surfaces in homes. Kitchens: sinks, drain boards, cabinets, counter tops, stoves, refrigerators, garbage cans and under sinks; Bathrooms: basins, tubs, showers, toilets, hampers, tiled walls and trash cans; General Use: telephones, pet areas, diaper pails, chairs, desks and filing cabinets.

Powerful formula eliminates odors at their source. Does not just mask odors. Kills dangerous household germs such as "Staph" and "Strep" as well as athlete's foot fungus on environmental surfaces. Inhibits mold and mildew growth on hard, non-porous surfaces.

Disinfectant Spray "G" can be used as a herpetic toilet spray. When used as directed, this formula kills Herpes Simplex Type 2 on hard inanimate surfaces and toilet seats.

Advanced formula disinfects against all of the following organisms on most environmental surfaces [kills household germs and bacteria such as]:

Staphylococcus aureus (Staph), Streptococcus pyogenes (Strep), Salmonella choleraesuis (Salmonella), Shigella dysenteriae, Mycobacterium smegmatis, Escherichia coli (E. coli), Pseudomonas aeruginosa, Salmonella typhimurium, Trichophyton mentagrophytes (Athlete's foot fungus), Aspergillus niger, Mycobacterium tuberculosis, \*Influenza A2 virus, Salmonella schottmuelleri, Penicillium glaucum, \*Herpes Simplex Type 2. This formula is also tuberculocidal.

This product is not to be used as a terminal sterilant/high level disinfectant on any surface or instrument that (1) is introduced directly into the human body, either into or in contact with the bloodstream or normally sterile areas of the body, or (2) contacts intact mucous membranes but which does not ordinarily penetrate the blood barrier or otherwise enter normally sterile areas of the body. This product may be used to pre-clean or decontaminate critical or semi-critical medical devices prior to sterilization or high level disinfection.

**STORAGE AND DISPOSAL.**

Storage: Store at temperatures below 120°F. Keep away from heat or open flame. Disposal: ~~Do not reuse container.~~ Replace cap and discard container in trash. Do not incinerate or puncture.
