Re: Notification per PR Notice 98-10 to add graphic as EPA approved for EPA Reg. # 70271-15
Product: Disinfectant Spray "G" EPA Reg. No.: 11525-30
Company: KIK Custom Products, Inc.

Dear Ms. McFarlane:

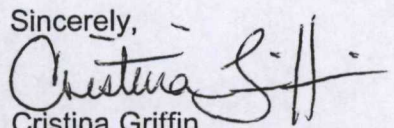

On behalf of KIK Custom Products, Inc., I am submitting a notification per PR Notice 98-10 for the product Disinfectant Spray "G", EPA Reg. No. 11525-30 to add a graphic/logo to page 5 of the label. When we submitted the graphic/logo to EPA for EPA Reg. No. 70271-15, EPA approved it on condition that we add disclaimer language. On the enclosed labeling for EPA Reg. No. 11525-30, we have incorporated the logo and disclaimer consistent with the EPA Reg. No. 70271-15 label which was approved on March 15, 2012. If you have any questions, please talk with Eliza Blair, as she worked on the approval for EPA Reg. No. 70271-15. There are no other changes to the master label.

Please Note: A label amendment is pending that also includes the graphic/logo as shown on this notification label. We need the notification prior to the amendment because of supplemental distributor labeling that will be marketed with the graphic/logo. That is why we request that this notification be approved while the amendment (which includes data to add organism claims) is pending.

Enclosures:

- EPA Form 8570-1
- 1 copy of the master label (only change is addition of graphic/logo and disclaimer, page 5)

If you have any questions, please contact me at 301-680-7971 or cgriffin@delta-ac.com.

Cristina Griffin
