C/o Delta Analytical Corp
12510 Prosperity Drive, Suite 160
Silver Spring, MD 20904

Subject: Disinfectant Spray "G"
EPA Registration Number: 11525-30
Application Date: March 5, 2012
EPA Receipt Date: March 6, 2012

Dear Ms. Griffin:

The following amendment, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide (FIFRA), as amended, is acceptable with conditions.

Proposed Amendment

- Adding Fragrances under Fragrance Notification Pilot
- Adding organisms, soft surface sanitizing directions, and marketing claims

Conditions

Revise the label as follows:

1. Revise the 5th claim under "Optional Antimicrobial Claims" on page 2 by deleting the term, [Germs].
2. Revise the 7th claim under "Soft Surface/fabrics" on page 3 by deleting the term, "Germs."
3. Since the label does not support food contact sanitizing directions, you must indicate the "exterior surfaces of" microwaves, refrigerators, stoves, and appliances.
4. Revise the 3rd statement on page 6 to read "Do not use on polished wood or acrylic plastics."
5. Delete the microwave, refrigerator, and food contact surfaces potable water rinse statement under the "To disinfect" instructions on page 6.

Data Summary

Data Requirement	Means of Support	Status
AOAC Germicidal Spray – <i>E. aerogenes</i>	MRID No.: 48761801	Acceptable, RTU in 10 min
AOAC Germicidal Spray– <i>K. pneumoniae</i>	MRID No.: 48761802	Acceptable, RTU in 10 min
AOAC Germicidal Spray- <i>L. monocytogenes</i>	MRID No.: 48761803	Acceptable, RTU in 10 min
AOAC Germicidal Spray- VRE	MRID No.: 48761804	Acceptable, RTU in 10 min
Virucidal Efficacy – Influenza B virus	MRID No.: 48761805	Acceptable, RTU in 10 min
Virucidal Efficacy – Rhinovirus 39	MRID No.: 48761806	Acceptable, RTU in 10 min
Virucidal Efficacy- RSV	MRID No.: 48761807	Acceptable, RTU in 10 min
Fungicidal Germicidal – <i>P. chrysogenum</i>	MRID No.: 48761808	Acceptable, RTU in 10 min
Soft Non-Food Sanitizing – <i>S. aureus</i>	MRID No.: 48761809	Acceptable, RTU in 50 sec
Soft Non-Food Sanitizing - <i>P. aeruginosa</i>	MRID No.: 48761810	Acceptable, RTU in 50 sec

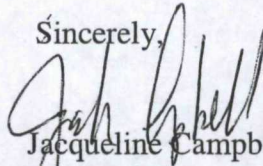

General Comments

The Confidential Statements of Formula for the basic and alternates A-E dated March 19, 2012 are acceptable.

A stamped label with conditions is enclosed for your records. Submit 1 copy of your final printed labeling before distributing or selling the product bearing the revised labeling.

If you have further questions concerning this letter, then please contact me by telephone at (703) 308-6416 or by e-mail at campbell-mcfarlane.jacqueline@epa.gov or Stacey Grigsby by telephone at (703) 308-6440 or by email at mcleod.glen@epa.gov. When you are submitting information or data in response to this letter, send a copy of this letter to accompany the submission in order to facilitate processing.

Sincerely,

Jacqueline Campbell
 Product Manager 34
 Regulatory Management Branch II
 Antimicrobials Division (7510P)

Application Instructions

{Choose one or more sets of directions as appropriate :}

SHAKE WELL BEFORE AND DURING USE

Thoroughly clean surfaces or objects prior to application of product. Remove gross filth and heavy soil deposits. Safe for use on surfaces except polished wood or acrylic plastics.

[To] Disinfect: Spray 6 to 10 inches from clean surface for 3-4 seconds or until surface is thoroughly wet. Allow spray to contact treated surfaces for a minimum of 10 minutes prior to wiping. When used in microwaves and refrigerators and on plastic baby toys and food-contact surfaces, rinse treated surfaces with a potable water rinse after the 10-minute contact time. {use the following if Avian influenza on label:} [For disinfection of Avian Influenza A, use this product only for surfaces that are not conducive to treatment by immersion or excess liquid.]

[To] Sanitize: Spray 6 to 10 inches from clean surface for 3-4 seconds or until surface is thoroughly wet. Allow spray to contact treated surfaces for a minimum of 50 seconds prior to wiping.

[To] [Spot] Sanitize Soft Surfaces [Fabrics] [Fabric Sanitizer]: Spray until fabric is wet. Do Not Saturate. Fabric must remain wet for 50 seconds. Let air dry. For difficult odors, repeat application. For spot treatment only.

***For Herpes Simplex Type 2:** Spray 6 to 10 inches from clean surface for 3-4 seconds or until surface is thoroughly wet. Allow spray to contact treated surfaces for a minimum of 10 minutes prior to wiping.

[For] Mold and Mildew: Clean surface then spray surface until thoroughly wet. Repeat weekly.

HIV-1 Precautions: Disinfectant Spray "G" [This product] effectively inactivates HIV-1 on pre-cleaned environmental surfaces/objects previously soiled with blood/body fluids in health care or other settings in which there is an expected likelihood of soiling of inanimate surfaces/objects with blood/body fluids, and in which the surfaces/objects can be associated with the potential for transmission of the human immunodeficiency virus Type 1 (HIV-1) associated with AIDS. **Special instructions for cleaning and decontamination against HIV-1 of surfaces/objects soiled with blood/body fluids:**

Personal Protection: Wear appropriate barrier protection including gloves, gowns, masks and/or eye coverings, as appropriate. **Cleaning Procedure:** Blood and body fluids must be thoroughly cleaned from surfaces/objects before disinfection. **Contact Time:** Allow the surface to remain wet for 10 minutes prior to wiping. **Infectious Materials Disposal:** Cleaning materials used that may contain blood/body fluids must be autoclaved and/or disposed of in accordance with local regulations for infectious materials disposal.

This product is not for use on medical devices or medical equipment surfaces.

PRECAUTIONARY STATEMENTS
Hazards to Humans & Domestic Animals

CAUTION: Causes moderate eye irritation. Avoid contact with eyes, skin or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet.

First Aid

If in Eyes	<ul style="list-style-type: none"> • Hold eye open and rinse slowly and gently with water for 15-20 minutes. • Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
If on Skin or Clothing	<ul style="list-style-type: none"> • Take off contaminated clothing. • Rinse skin immediately with plenty of water for 15-20 minutes.
<p>Call a poison control center [1-800-222-1222] or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor, or going for treatment. [You may also contact 1-800-xxx-xxxx for emergency medical treatment information.]</p>	

{Note: The First Aid statements' grid format will be used if market label space permits; otherwise a paragraph format will be used.}

Physical or Chemical Hazards

Flammable. Contents under pressure. Keep away from heat, sparks and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal. Store at temperatures below 130°F. Keep away from heat or open flame. Non-refillable container. Do not reuse or refill this container. Replace cap and discard container in trash. Do not incinerate or puncture.
