Dear Ms. White:

Subject: P/P Total Release Fogger  
EPA Registration No. 11525-40  
Your Submission Dated August 23, 1983

The minor claims:

1. "Automatic Indoor Flea Killing Protection for your home, Pets, Family," and
2. "Penetrates cracks, crevices to kill the fleas that can reinfest pets...Kills ticks, too!"

as proposed are acceptable. However, in the future we would appreciate having your labeling revisions plainly stated on your amendment form, column #9.

Your distributor maybe permitted to place the ingredient statement for their product(s) labeling on the back, even though we would prefer having it on the front panel.

A stamped copy of your label is enclosed for your convenience.

Sincerely yours,

Timothy A. Gardner
