

JAN 16 1985

Farris Chemical Company, Inc.  
P.O. Box 22339  
Knoxville, TN 37933

Gentlemen:

Subject: BAF-10  
EPA Registration No. 11529-2  
Your Amendment Application Dated November 15, 1985

The amendment referred to above, submitted in connection with registration under FIFRA section 3(c)(7)(A), is acceptable, provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data.
2. Make the labeling change listed below before you release the product for shipment bearing the amended labeling:

Revise the label in accordance with the enclosed edited label.

3. Submit five (5) copies of your final printed labeling before you release the product for shipment.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product bearing the amended labeling constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely yours,

A. E. Castillo  
Product Manager (32)  
Disinfectants Branch  
Registration Division (TS-767C)

## ACTIVE INGREDIENT

Poly (oxyethylene (dimethylamino) ethylene-  
(dimethylamino) ethylene dichloride) 10.0 %

INERT INGREDIENT..... 90.0 %

This product contains 8.5 lbs. of active ingredient per gal-  
lon and weighs 0.85 lbs. per gallon.

## KEEP OUT OF REACH OF CHILDREN CAUTION

### PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

**CAUTION:** Harmful if swallowed. Avoid breathing vapors. Avoid contact with skin, eyes or clothing.

**FIRST AID:** If swallowed, drink promptly a large quantity of milk, egg whites, gelatin solution, or, if these are not available, drink large quantities of water. Avoid alcohol. Call a physician immediately.

**ENVIRONMENTAL HAZARDS:** This pesticide is toxic to fish. Keep out of lakes, streams or ponds. Permits may be required for discharges containing this pesticide into lakes, streams, ponds or public water. For guidance, contact the regional office of the Environmental Protection Agency.

## DIRECTIONS FOR USE

It is a violation of federal law to use this product in any manner inconsistent with its labeling.

BAF-10 is used to control algae, bacteria and fungi in recirculating commercial and industrial water cooling towers, industrial air washers and retort cooling waters in canning plants. Prior to its use, systems must be cleaned to remove algae growth, microbiological films and other deposits. An initial slug addition of 6.0 to 15.0 fluid ounces of BAF-10 per 1000 gallons of water to provide a concentration of 48 to 120 parts per million of BAF-10, based on the total weight of water in the system, is recommended. Subsequent slug additions of 1.5 to 15.0 fluid ounces of BAF-10 per 1000 gallons of water (12 to 120 parts per million) of BAF-10 should be employed every 2 to 5 days or as needed. The frequency of addition depends upon the relative amount of bleedoff and the severity of the microbiological problem. Slug additions should be made in the sump of water cooling towers.

## STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

**STORAGE:** Do not stack more than four drums high. Leaking or damaged drums should be placed in overpack drums for disposal. Spills should be absorbed in sawdust or sand and disposed of in a sanitary landfill. Keep container closed when not in use.

**PESTICIDE DISPOSAL:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

### CONTAINER DISPOSAL:

**PLASTIC:** Triple rinse (or equivalent). Then offer for recycling or reconditioning or puncture and dispose of in a sanitary landfill, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

**METAL:** Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.

ACCEPTED  
with COMMENTS  
in EPA Letter Dated:

JAN 16 1986

Under Federal Insecticide,  
Fungicide, and Rodenticide Act  
as amended, this pesticide  
registered under EPA Reg. No.
