(BACK PANEL)

PRO-CONTROL ROACH BAIT

Approved for Commercial, Industrial and Residential Use
Including Food Processing Plants, Eating Establishments, Food
Marketing-Storage-Distribution, Hospitals, Nursing Homes, Schools, Office
Buildings, Apartments, Laundries, Buses, Aircraft, Boats, Museums and Zoos

Directions for Use

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Pro-Control baits may be placed anywhere roaches are a problem, even on food preparation surfaces or next to foods. Do not place baits on food preparation surfaces when food is being handled or on utensils that are used for food preparation.

Break Pro-Control Baits apart from the plastic frame before placement.

For best results place baits where roaches tend to travel; close to edges or adjacent to walls and in corners, next to plumbing or electrical lines, counters, shelves, appliances or sensitive electronic equipment and inside dropped ceilings and wall voids. Baits work best on horizontal surfaces touching corners and walls. To apply baits to vertical surfaces use the enclosed stickers.

Roaches will begin feeding and population reduction can be expected in about a week.

Bait stations are designed to be visually inspected with a flashlight. This allows for monitoring and timely replacement. Replacement is recommended after 3 months or when bait is almost entirely consumed (do not risk loss of control by allowing complete consumption).

For effective control:

Use 4-6 bait stations per 100 sq. feet.

Use up to 10 bait stations per 100 sq. feet for heavy infestations and isolated problem areas.

Pro-Control Roach Baits are packaged in a child resistant container.

STORAGE AND DISPOSAL STATEMENTS

STORAGE: Store in a cool, dry area inaccessible to children.

DISPOSAL: Wrap container and put in trash collection.

Additional list of Use Sites for Pro-Control Roach Baits

Greenhouse (Commercial)

HOUSEHOLD- closets, basements, attics, recreation rooms, kitchens, bathrooms, dining rooms, pantry and food storage shelving.
