MAR - 2 1989

Attention: Peter S. Martin

Gentlemen:

Subject: Germicidal Cleaner
EPA Registration No. 11547-38
Your Submission Dated November 1, 1988
EPA Received Date November 12, 1988

The amendment referred to above, submitted in connection with the Label Improvement Program Notice for Antimicrobial Products Used as Food Contact Surface Sanitizers, is acceptable provided that you:

1. Make the labeling changes listed below before you release the product for shipment bearing the amended labeling.
 - a. Delete the word "milk."
 - b. Delete the statement "Measures against circulatory shock, respiratory depression and convulsion may be needed" from the "Note to Physician" statement.
 - c. A contact time of at least 10 minutes is required for disinfection.
2. The revised Confidential Statement of Formula submitted for our review is acceptable and has been made part of our file.

Submit five (5) copies of your final printed labeling before you release the product for shipment.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with section 6(e) of the Federal Insecticide, Fungicide, and Rodenticide Act. Your release for shipment of the product bearing the amended labeling constitutes acceptance of these conditions.

WHEN USED AS DIRECTED

PRECAUTIONARY STATEMENT
HAZARD TO HUMANS AND DOMESTIC ANIMALS

DANGER

Causes severe eye and skin damage, or on clothing. Wear goggles or rubber gloves when handling. Harmful to fish. Avoid contamination of food.

ENVIRONMENTAL HAZARD

This product is toxic to fish. Do not discharge into ponds, estuaries, oceans or public waters. This product is specifically identified and requires an NPDES permit. For guidance, contact your State Water Board or regional office of the Environmental Protection Agency.

This cleaner is a heavy duty cleaner designed for general purpose use. Cleaning and sanitizing is of prime importance. GERMICIDAL CLEANER is recommended for disinfecting and deodorizing hard surfaces, floors, table tops, ceilings, in hospital and similar public places where cleaning and disinfection control are important. Not recommended for Pseudomonas.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

DISINFECTION: For heavy duty cleaning and fungicidal activity against pathogens, use 4 ounces per gallon. For best results, use GERMICIDAL CLEANER with a cloth or mop and apply to floors, table tops, and counters.
