EPA Reg. No. 11556-54

EPA Est. No. 3125-MO-1

NOTE TO REPACKAGER:

Specimen labeling that gives adequate directions for use based on a registered product of identical formulation is available from Cutter Animal Health Laboratories. Safety and efficacy data in support of this specimen labeling are on file with the Environmental Protection Agency under File Symbol 11556-41.

Note: Any variation in your product's labeling text or artwork from that furnished by Cutter Animal Health Laboratories may result in the need for additional data to support registration.

WARNING:

Avoid inhalation of dust. Harmful if inhaled or absorbed through the skin. May be fatal if swallowed. Do not get into eyes. Excessive or prolonged contact of this material with the skin should be avoided. Wash hands, arms and face thoroughly with soap and warm water after contact. Wash contaminated clothing with soap and hot water before reuse.

Avoid contamination of foodstuffs. Do not reuse container. Destroy when empty. In case of spillage, sweep up and bury. *o*-Isopropoxyphenyl methylcarbamate is a cholinesterase inhibitor. Atropine sulfate is antidotal.

SENDRAN is a Reg. TM of the Parent Company of Farbenfabriken Bayer GmbH, Leverkusen
